Caudle Blames Clark

Price Violation Charge Dropped, He Says, On Order Of Present Justice

WASHINGTON (AP) — T. Lamar Caudle, under a drumfire of questions, told congressional investigators, today that a price violation charge and a $297,991 income tax case were initiated against a wealthy lumberman in his home town but never prosecuted.

Caudle, dismissed former justice department official, said the price case was dropped on direct orders from Tom Clark after Clark had a conference with Clyde R. Hoey, attorney for T. C. Coxe of Wadesboro, N. C., the lumberman.

This case was in 1944. At that time:

Clark, now a Supreme Court justice, was an assistant attorney general.

Hoey, now a Senator, was North Carolina Democratic national committeeman and had just won his party's nomination to the Senate. Caudle was the dstrict U. S. attorney.

The income tax matter came along four years later in 1948. Clark then was attorney general. Caudle had come to Washington as one of Clark's assistants and headed the tax division.

Caudle said the Bureau of Internal Revenue recommended prosecution of an income tax case against Coxe and forwarded it to the Justice Department for action.

Caudle said he did not know the amount involved but Robert Collier, counsel of the House Judiciary Committee, put in that it totalled $297,991 for five years.

"I disqualified myself from the case," Caudle said.

It was brought out that Coxe was never prosecuted but the committee passed on to other matters without digging into just how the case was handled and what was the disposition.

Hoey said today at Wilmington, N. C., that he had represented the lumber dealer strictly as a private attorney and while not holding public or Democratic party office. He added, "in my judgment prosecution in this case was not justified."

Caudle said that as the district attorney he did not think the facts of the price case warranted its going to a grand jury.

However, attorneys for the then Office of Price Administration "believed they had a strong case" for a charge of price violation, he said

Clark first ordered him to press the case, Caudle related.

He said he advised Coxe's brother that he had been ordered to present the case to a grand jury.

Coxe retained Hoey, who telephoned him and said he would seek a conference with Clark.

And a few days later, Caudle said, order to drop the case came directly from Clark by telephone.

"They concluded the facts of the case were not sufficient to present to a grand jury," Caudle said.

"Did you object?" asked Committee Counsel Robert A. Collier.

"I did not," replied Caudle. He added then that he reached the same conclusion himself although OPA attorneys "believed they had a strong case against Mr. Coxe."

Clark later became attorney general and brought Caudle to Washington as one of his assistant attorneys general.

Last November, President Truman fired Caudle on grounds his outside activities were incompatible with his official duties.

W. B. Lathrop Dies

KANSAS CIT Y(AP)—William B. Lathrop, 66, former president of the Kansas City Board of Trade, died last night at his home in Dallas, Tex.

Lathrop was identified with grain interests in the middle-west for more than 40 years. He served many years on the board of directors of the Kansas City Board of Trade and became president in 1936.

Straw Katy's Gone

Its hot enough, but the calendar says no, so take off those straw bonnets, men, and cast them aside. The women folk can't have anything on us men—we've got our styles and ideas, too. One of them sets a date for donning straw lids and another for doffing them. The day for the doff has passed and it can keep on being hot as long as it wants too, but your felt is now in order.

THUNDER SHOWERS

Partly cloudy with chance for shower this evening and cooler tonight and Friday. Low tonight near 55. High Friday in upper 70's.

The temperature at 7 a. m., was 60; 91 at 1 p. m., and 93 at 2 p. m.

• *Thought for Today*

I could not live in peace if I put the shadow of a willful sin between myself and God.—George Eliot.

Ike Says Issue Is Whether World Lives In Peace or Fear

Whistle-Stopping Across Iowa, Before Coming to Missouri – and Sedalia This Saturday – He Talks of 'Glorious Future'

ABOARD EISENHOWER SPECIAL (AP)—Gen. Dwight D. Eisenhower told an umbrella-carrying crowd of about 5,000 persons in Iowa City, Ia., that the issue today is whether the world is to live in peace or in "fear and hysteria."

The Republican presidential nominee, whistle-stopping his way across Iowa toward a major farm speech at Omaha, Neb., tonight, said if he is elected his primary job will be to try to restore peace.

The general whistlestops into Sedalia Saturday for a short platform appearance at the MoPac depot at 10:15 a.m.

"This country can have a glorious future," he said. "Our possibilities have hardly been tapped. We are just tapping a new frontier."

Directing his remarks primarily to University of Iowa students, Eisenhower said that younger folks hold the hope of the country.

The crowd cheered when Eisenhower said he had been urged by some members of his party to "say things about the administration that couldn't be used on the radio."

Government as Servant

The general said that if the government was to be a leader of other nations "it must be your servant and no attempt made to be your master."

A light downpour fell all the time the Eisenhower special train stopped in Iowa City but the crowd did not move. He was cheered frequently during the brief talk.

The Republican nominee opened his day by asserting at Davenport that the American taxpayer's money is going down "a crack in the floor" because of Truman administration "waste" in Washington.

Carrying his campaign into politically doubtful Iowa, the Republican presidential nominee told a crowd of 4,000 persons gathered in front of the Davenport courthouse that it is the time to open up some windows and let the fresh air in our government.

Eisenhower said that beyond what he described as "corruption in Washington" is "unexcusable waste."

Cites Big Waste

He cited a report of a congressional committee that five million dollars in Commodity Credit Corporation (CCC) funds had disappeared.

"The Secretary of Agriculture (Brannan) said that five million dollars was not very much to lose in a 10 billion dollar operation," the Republican nominee said. "He said it could disappear through the cracks in the floor.

"Now my old Dutch ancestors never had five million dollars but five cents could never have been lost in our house without someone having to answer for it or go hunting for it on hands and knees."

Eisenhower said five million dollars represents taxes paid by 3,500 people earning $3,500 a year.

Eisenhower said people all over the country are worried.

"Why should we be confused?" he asked. "Why should we be in decisive? We come back to the proposition that we must have a change in leadership."

He noted that 18 Communists had been arrested in the West, observing that all these years they had gone undetected.

Time To Set On Taxes

The Republican nominee couched a series of questions about taxes, inflation and the national debt, adding "It is high time to do something about these things."

As Eisenhower began speaking, he had before him penned notes covering subjects for his speech. Heading the list were Korea, peace, Communism.

In a half mile ride through Davenport, Eisenhower was greeted by only a scattering of citizens.

As his train moved its whistle-stopping way across Iowa toward a major farm speech at Omaha, Neb., tonight, Eisenhower pounded on what he calls the "mess in Washington."

He took his theme from an assertion enthusiastically cheered by a crowd of 2,500 persons in Rock Island, Ill., last night that the American people "are sick and tired of reading in their papers of scandals in Washington."

"They want honest government and they are determined to have it," the general declared.

He also gave a preview of his Omaha farm speech tonight when he said that to have farm prosperity "we must have exports to take off some of our surpluses.

"I have heard that this is the heart of isolationism," he said, "and it just is not so. It is not intelligent to be isolationist and I have never seen a group of Americans gathered together who didn't have intelligence."

Bidding for Iowa's 10 electoral votes, Eisenhower dropped his criticism of Gov. Adlai E. Stevenson for the latter's quipping approach to some of the campaign issues.

Calls For Grin And Work

Whereas he had asserted previously that running for president was "no laughing matter," he told the Rock Island crowd:

"To win a fight, you never go about it with nong faces. You put on a grin and go after it. America is on the march and we can do it."

The Republican nominee displayed a confidence before the American Federation of Labor Convention when he said he did not favor repeal of the Taft-Hartley Act, the same assertion was cheered loudly in Rock Island.

A center of the farm implement manufacturing industry, Rock Island has heavy CIO membership among its workers.

Eisenhower got little attention as his motorcade moved through Moline, Ill., into Rock Island, after he was greeted at the airport by a crowd of about 1,000 persons on his return from New York.

The Rock Island Armory, where he spoke, was about two-thirds filled. His speech was telecast locally.

In the corn-hog country of Iowa, local polticians credited Eisenhower with a chance to carry the state, which President Truman won by a 28,000-vote margin in 1948.

His swing into Nebraska tonight will take him into a state regarded as likely to remain as solidly Republican this year as it was four years ago.

Ranch Hands Set to Ride In Round-up

Saddle-Up Feed Friday Morning Opens C. C. Drive

The hosses of the cowhands will be hitched outside the Bothwell Hotel Friday morning at 8 o'clock while the boys and girls attend the "Saddle Up" breakfast that will start the one day Chamber of Commerce membership drive.

"Red Ryder" Zander, head of the cattleman's association, expects to have the foreman and cowhands from each ranch on hand ready to ride in the big roundup and announced that the following will be at the Bothwell and rarin' to go as soon as the last cowhand cleans up his plate.

Great Bend Ranch — "Trigger" Giokaris, foreman; Bob Overstreet, Carl Sickmeyer, Bill Yarbo, Jack Pasley.

Trails End Ranch — "Cowboy Claude" Boul, foreman; Anna Bagby, George Bird, Walter Bopp.

The Alamo Ranch — "Lucky" Naugel, foreman; Emory Bowman, Kenneth Buchholtz, Pat Clark, Melvin Weiser.

Sagebrush Lodge — "Jesse" Haller, foreman; Sam Highleyman, George James, Earl Lashley, H. L. Zoernig.

Circle R Ranch — "Lone Ranger" Stohr, foreman; Al Schultz, George Curnutt, Ralph Salmons, Marvin Howard.

B-Bar-B Ranch — "Dangerous Ken" Fallis, foreman; Everett Stevenson, Don King, R. C. Richel, James Durley.

Cactus Lodge — "Two-Gun" Priddy, foreman; Cecil Dump, W. E. Shockey, C. J. Mueller, John Ryan.

El Rancho Grande — "Hop-along" Wall, foreman; Harold Shelley, O. W. Wiley, Guy Peabody, Jack Allgaier.

Clear Waters Ranch — "Buck Jones" Love, foreman; L. A. Pharris, Dan Drew, Steve Fechtel, W. A. Smith.

Mel-O-Dee Ranch — "Smiley" Routszong, foreman; Philip McLaughlin, Kenneth Miller, Don Weller, Judd Grayston.

Prairie Flower Ranch — "Dead Eye" Lippard, foreman; Virgil Ragar, Wm. Reinhart, Shirley Wagner, Tom Wilson.

The Old Corral — "Wild Joe" Ruddick, foreman; John Carroll, Wm. Hurlbut, Myron Lindquist, Jack Crawford.

Rocky Ridge Ranch — "Texas" Silverman, foreman; Massilon Wilson, C. F. Scotten, Virgil Herrick, Willard Savage.

Silver Dollar Ranch—"Bronco" Chuck Maggard, foreman; Mildred Goddard, Dick Snow, Al Zurcher, Robert Simpson.

Cold Creek Ranch — "Rope-em" Brunkhorst, foreman; Keith Yount, J. W. Watts, Arthur Morgan.

Kiwanians Hear Of Importance Of Recreation

The importance of recreation to the social and physical life of a community was the theme of a talk by Arthur Black, Missouri Department of Resources and Development, before the Sedalia Kiwanis Club meeting in Bothwell Hotel Thursday noon.

The speaker was introduced by Arthur Morgan, program chairman.

President Walter Kennedy announced there would be a meeting at 6:30 Friday evening of the board of directors and members making up attendance at the farm of Paul Hedderich, two miles north of Sedalia on Highway 65.

In song the club recognized the September birthday anniversaries of the following members: Abe Rosenthal, Robert Hausam, Ben Robinson and Bert Hathaway.

The Rev. A. E. Schmidt, Cole Camp, was recognized as a new member of the Sedalia club, having transferred his membership from the Centralia, Ill., club.

Announcement was made that Ollie Maxwell, Boonville newspaper publisher, has been nominated for the office of lieutenant governor of Division IV at a meeting of all the division clubs in Versailles. Those attending from Sedalia were: Walter Kennedy, William Ward, Pinkney Miller and T. H. Yount.

Missouri Remains To Dems

Newspapermen View Current Campaign, See Republicans Stronger Than '48

JEFFERSON CITY, Mo. (AP) — Missouri newspapermen believe President Truman's home state is stil Democratic—but not as heavily as it was in 1948.

To put it another way, they think Gen. Dwight D. Eisenhower has gained some strength for the Republicans, but not enough to carry the state against Gov. Adlai E. Stevenson of Illinois in the presidential sweepstakes.

These conclusions are based on a county - by - county survey two months before the Nov. 4 general election. The Associated Press sent questionnaires to daily and weekly newspapers all over the state, asking for their best estimates of Stevenson and Eisenhower strength.

The results, based on the same size vote as in 1948, gave Stevenson 53½ per cent, Eisenhower 46½ per cent.

Went 58 Per Cent for HST

Four years ago, when native son Harry Truman was running for president, Missourians gave about 58 per cent of their votes to him against about 42 per cent to Gov. Thomas E. Dewey.

In terms of votes, Truman piled up a 262,276 margin over Dewey. The official count gave Truman 917,315, Dewey 655,039.

If you assume the total vote to be the same this year, 53½ per cent for Stevenson would amount to 841,882 votes, while Eisen - hower's 46½ per cent would equal 730,472.

That's a margin of 111,410 for Stevenson, against Truman's 262,276 four years ago.

This year, all the signs point to a much larger vote than in 1948.

For one thing, almost a quarter of a million more voters went to the polls in the Aug. 5 primary to cast their ballots for governor than in 1948. This year, 600,734 Democrats voted in the hot race which nominated Former Gov. Phil M. Donnelly of Lebanon for another try at the governorship. And 361,637 Republicans voted in the five-way fight which gave the GOP nomination to Howard Elliott of St. Louis County.

See Bigger Vote

That added up to 962,371 primary votes for the two major parties, against 713,849 four years ago.

For another thing, the Census Bureau estimates the number of potential voters this November will be 2,656,000—a gain of almost 100,000 over 1948.

Missouri, a border state, is considered normally in the Democratic column. But it has switched often enough in the last half century so that it has built a record of being on the side of the winning presidential candidate every time since 1904.

This year, the cross currents of political opinion have been confused from the start by doubt over President Truman's role in the campaign.

When he did take a stand in the primary for Attorney General J. E. Taylor for the Democratic senatorial nomination, Taylor was soundly defeated by W. Stuart Symington, former trouble shooter in the Truman administration.

Symington runs in November against Republican Sen. James P. Kem, a bitter foe of administration foreign and domestic policies.

Adlai May Outrun Harry

One surprise that turned up in the current survey of newspaper opinion was the belief in some parts of the state that Stevenson would run better than Truman did four years ago.

This was especially noticeable in the "bootheel" area — the cotton country of extreme southeastern Missouri—and in parts of "Little Dixie" north of the Missouri river. Both areas are heavily Democratic.

Charles L. Blanton, Jr., editor of the Sikeston Standard, explained that the people in the bootheel area are predominantly conservative, states-rights Democrats, who have not liked the Truman "Fair Deal" program.

"Of course," he added, "we're for civil rights, too—we want the white people treated as well as the Negroes."

Some of those who pariticipated in the survey pointed out the Democratic state ticket was well liked in their areas.

Some Want a Change

Others in Republican areas like Southwestern Missouri said their people wanted a change and were tired of corruption in government.

Several in different parts of the state said they thought Eisenhower was not as strong as he was before the Democratic national convention.

"Ike's glamor seems to be waning," one of them commented.

There was wide disagreement as to what the farm vote would be. Some of the participating newsmen thought farmers would continue to vote for the party which has been in power during a period of record high prices for farm products.

Others said they thought farmers would vote Republican this time.

But editors from areas with big labor votes were in general agreement that labor would stand fast for Stevenson.

These estimates showed Stevenson getting about 57 per cent of the big St. Louis vote and around 53 per cent in Kansas City. Four years ago Truman polled 64 per cent of the St. Louis vote and 61 per cent in Kansas City.

Age of Push-Button Warfare Dawns With Guided Missiles

TRAIN-SCHOOL BUS CRASH—Spectators swarm over the crossing area near Collinsburg, Pa., where a freight train, at left, rammed a crowded school bus, center, killing four pupils and injuring at least 40 more. The bus, on the way to a high school, was almost past a street crossing when the train hit it, dragged it about 50 feet. (NEA TELEPHOTO)

US Launching Robot Planes From Carrier

Navy Tells First Time of Blasting With New Weapons

WASHINGTON (AP) — American robot planes launched at sea have blasted enemy targets in Korea, ushering in the age of push-button warfare.

The Navy told for the first time yesterday the story of a robot attack on a Korean military target Sept. 1.

The Navy held back part of the story, but what it told made it abundantly clear that the age of push-button warfare is at hand.

Use Old Airplane

It told of an outmoded airplane launched by catapult from the deck of an aircraft carrier off the Korean coast, escorted by radio iontrols to its target and then unleashed on a heavily-defended spot into which no piloted plane dared go.

The whole process was witnessed from beginning to end on a television screen on the ship. A camera was installed in the cockpit of the robot plane and it recorded for posterity the historic flight.

Lt. Cmdr. Lawrence A. Kurtz, directed the world's first robot plane attack, told reporters at a Tokyo news conference today that this nation has enough guided missiles in hand to sustain a large ; scale robot campaign in Korea.

He painted this frightening picture of warfare of the future:

Can Carry Atomic Bombs

Aircraft carriers speeding around the globe and unloosing robot planes carrying atomic bombs.

Pilotless planes unerringly seeking out their targets and exploding their deadly charges with maximum force.

Large - scale robot attacks against which there are no defenses.

Kurtz said the equipment used, meaning an out-of-date World War II plane, the Grunman, was "rather obsolete."

"We have better things than this," he said, adding that the Navy has "immediately available enough missiles to mount a sustained large-scale robot campaign in Korea."

He declined to say how many are available, nor would he say whether missiles still are being used against Korean targets.

The idea of a guided missile itself is not new. The Germans used the V2 rocket with devastating effect in World War II and the Japanese Kamikaze plane was a type of guided missile.

But the American robot plane used in Korea, Kurtz said, is "more effective and maneuverable."

Scores Direct Hit

"In one strike" he said, "a guided missile — Navy hellcat—scored a direct hit on the small supporting pile of a North Korean bridge, wrecking the entire structure."

The German V2 rocket was nowhere so accurate; the Kamikaze plane carried its pilot to death.

One of the chief factors in making the robot so effective is the use of a guide plane which accompanies the robot on its flight, directing its movements by radio. Kurtz said the guide plane can "tell" the robot to fire back if it is attacked in flight.

Upon reaching the target, the guide plane veers away and escapes into the safety of height. The robot dives dead on target.

The robot could be controlled either by the guide plane or by the aircraft carrier.

Kurtz said robots carrying atomic bombs conceivably could hit any target in the world.

Someone asked him if the robot would displace the big atom-carrying bombers like the B-36.

"Eventually, it could," Kurtz said. "It's a question of time."

Associated Press staff photographer Fred Waters, aboard the 27,000-ton aircraft carrier Boxer, cabled an eye-witness account of the new missile's first use on Sept. 1 in Korea waters.

First Story Delayed

Navy censors delayed Waters' story until yesterday, cleared it and then said in an announcement:

"A number of guided missiles have been launched successfully against Communist targets in North Korea from the USS Boxer."

Waters, in an additional dispatch, placed the number already launched at from four to six. His eye-witness account said the pilotless "suicide" plane he watched was a World War II Grumman, herded to its target by a guide plane. Its progress into the combat zone, he said, was watched on a television screen in a secret room aboard the Boxer, 150 miles from the target.

The Navy announcement lacked many of the details in Waters' account, but gave this description:

1. The new missile, armed with a powerful warhead, is sent aloft from a catapult aboard the carrier.

2. There are two guide planes, one on the carrier and one in the air. Both are equipped with special electronic equipment.

Guide Plane Directs Missile

3. The first guide plane sends the missile roaring skyward. At a pre-determined altitude, the air-

Elliott Gets Endorsement Of Teamsters

First Republican To Get Union's Support In Years

ST. LOUIS (AP)—Howard Elliott today had the endorsement of the St. Louis AFL Teamsters Union in his campaign for governor—the first Republican to gain that support in 20 years.

The governing body of the union, the Shop Stewards Council of Local 688, voted to endorse Elliott after he addressed a council-sponsored meeting here last night. Phil M. Donnelly, Democratic candidate for governor, also was invited to speak, but was busy with "a previous engagement."

Previously, representatives of the CIO in St. Louis said they will recommend to the Missouri CIO Political Action Committee that neither of the gubernatorial candidates receive endorsement.

The stewards council, with 540 members, is the governing body of the local, which claims a membership of 10,000 and is believed to be the largest Missouri local.

In throwing its usually Democratic support to Elliott the council said the Democratic party had "ignored the wishes of the working people" in nominating Donnelly. Donnelly, a former governor, stirred up considerable union opposition while in the executive mansion.

Particularly opposed by union groups was his part in the passage of the King - Thompson Public Utility Act with its no-strike clause.

While endorsing Elliott, the council described the GOP nominee as "something less than the ideal labor candidate."

He is, however, the council said, campaigning on a moderately progressive record and a platform which includes: a State Fair Employment Practices Commission, amendments to the King-Thompson Act and the establishment of an independent commission" to recommend a legislative program for modernization of Missouri labor laws.

It was this latter commission plan that Elliott described to last night's meeting.

Top AFL Leaders Form New Committee To Back Stevenson

NEW YORK (AP)—Most top American Federation of Labor officials have joined a newly-formed national committee to back Democratic Presidential Candidate Adlai Stevenson, it was disclosed today.

George Harrison, an AFL vice president, told a news conference that a majority of the AFL's executive committee has joined the new group, known as "Labor's National Committee for Stevenson and Sparkman."

He said a "number of the railroad unions," most of them independents, also are part of the committee, which has set up headquarters in Washington, D. C.

AFL delegates from throughout the country are holding their annual convention here, and are generally expected to endorse Stevenson, and his running mate, Sen. John Sparkman, of Alabama.

Camdenton Schools Closed Due to Polio

CAMDENTON, Mo. (AP)—Schools in the Camdenton reorganized school district were closed today in an effort to block the spread of infantile paralysis.

C. M. Richards, president of the district school board, said state health division officials had recommended the schools be kept open. But the board figured everything possible should be done to stop polio.

Richards said there have been 10 or 12 comparatively light cases of the disease in the county.

Convict Points Out Man Seen At Slaying Scene

ST. LOUIS (AP) — A 48-year-old father was pointed out in Circuit court here yesterday as the man seen at the scene of the brutal slaying of five-year-old Mary Morgan last August.

"You know you are lying" Sidney Earl Oliver shouted at the witness, Marion George Carson. Carson was brought here to testify from the Missouri penitentiary where he is serving his fourth burglary term.

Carson testified that the day before the little girl was beaten to death he rented a room just around the corner from the home of Mary's parents, Mr. and Mrs. Daniel Morgan.

He related that he had seen Oliver that afternoon in a confectionery from where Mary had come back with a sack of gum she said she had bought with a dime a "lady" had given her.

Carson testified he was awakened about 2 o'clock the following morning by a child's scream. He testified he went to an alley which passes the back of the Morgan home. Hearing a scuffling, he testified he walked to a fence where he recognized Oliver, who had his hand over his mouth. He said Oliver disappeared rapidly down the alley.

It was the next morning that Mary's blood - covered body was discovered at the same spot.

Carson testified he didn't go to police immediately because he knew he was wanted for some burglaries. He later identified Oliver in a police lineup.

The state is expected to complete its case today.

Morse Backs Ike's Stand Over T-H Law

NEW YORK (AP) — Sen. Wayne Morse (R-Ore) told the American Federation of Labor today he supports Dwight D. Eisenhower's stand for a rewriting of the Taft-Hartley Labor Act.

But Morse, who frequently differs with fellow Republicans, said Eisenhower, his party's presidential nominee, had been ill-advised and confusing in the speech he gave before the same AFL convention yesterday.

Morse, in his prepared text, also criticized Sen. Robert A. Taft of Ohio, now active in the Eisenhower camp, as a "dazed" and "substitute quarterback" who he said threatens to lead the Republican party to defeat.

The Oregon senator said a more fitting name for the Taft-Hartley Act would be "The Act for the Management of Labor." He called it "this anti-union armored car that might be used as "the bludgeon which could bring labor to its knees in a depression." The AFL has repeatedly demanded outright repeal of the law and showed little warmth for Eisenhower's talk of revision instead.

Morse's speech was expected to get more than usual attention because he first announced he would campaign vigorously for the election of Eisenhower, and later reversed this with a statement he would wait and see what happens.

Reyburn Talks Tonite At Jaycees' Meeting

The regular semi - monthly meeting of the Sedalia Junior Chamber of Commerce will be held at Dan's Pioneer Room at 7 p. m. tonight. There will be a short business session after the meal, followed by what the Jaycees anticipate to be an exceptionally interesting program.

John Ellison, acting program chairman, will introduce Neal Reyburn, of the Home Building Corporation, who will speak on "Architecture and Modern Building Problems". All members are especially urged to attend this meeting.

Stevenson Defends His Humor

Opens His New England Drive At Bridgeport

BRIDGEPORT, Conn. (AP) — Gov. Adlai Stevenson opened his campaign drive trough New England today with a wry defense of his sense of humor.

"A lot of people say I'm not serious enough," the Democratic presidential candidate told a police-estimated throng of 15,000 to 20,000 persons at the Bridgeport humorous either.

"The fact of the matter is that if I were wedded to some of the folk they are I couldn't be very humorous ither.

Pegging his open air talk on economy and corruption in government, Stevenson said:

Has Ideas for Economy

"Economy in government isn't something you just say you're going to have, you've got to grind at it 24 hours a day. I've had some experience and I have some ideas how to bring it to government.

"They laugh at me in Springfield because I go around turning off the lights. Well, I'm not ashamed of that."

Referring to charges of corruption in government, Stevenson said:

"We are going to throw the bad apples out of every level of government."

Stevenson said that Gen. Dwight D. Eisenhower, the Republican presidential candidate, has "changed his mind" and now concedes that not all public servants are bad. He recalled that the general originally said he was going to clean out Washington from end to end.

Stevenson drove to the station from the airport where his plane arrived from Springfield, Ill., at 10:55 a.m. (EST).

Cheered by Workmen

In the factory districts workmen crowded windows cheering and applauding and tossing out showers of confetti. Scattered groups of people lined the streets. Bridgeport school children were released from school for the day.

As Stevenson, bareheaded, stepped onto a temporary platform and looked over the crowd which was packed for an area of several blocks along the streets radiating from the station, he grinned and said:

"Anyway, it's obvious the school children are glad I'm here."

A sign in the crowd—obviously jabbing at GOP criticism of Stevenson's quipping—read "We want a man who can make 'em smile—not a man who's only got a smile."

Stevenson tore into the Republicans again on the theme of "disunity."

'Not 2 Demo Parties'

"We (Democrats) don't sit around the breakfast table dividing up the pie," he said. In an obvious reference to Eisenhower and Sen. Robert A. Taft breakfasting together last week. "We may have our family squabbles, but there are not two Democratic parties."

A storm of applause broke when he finished speaking.

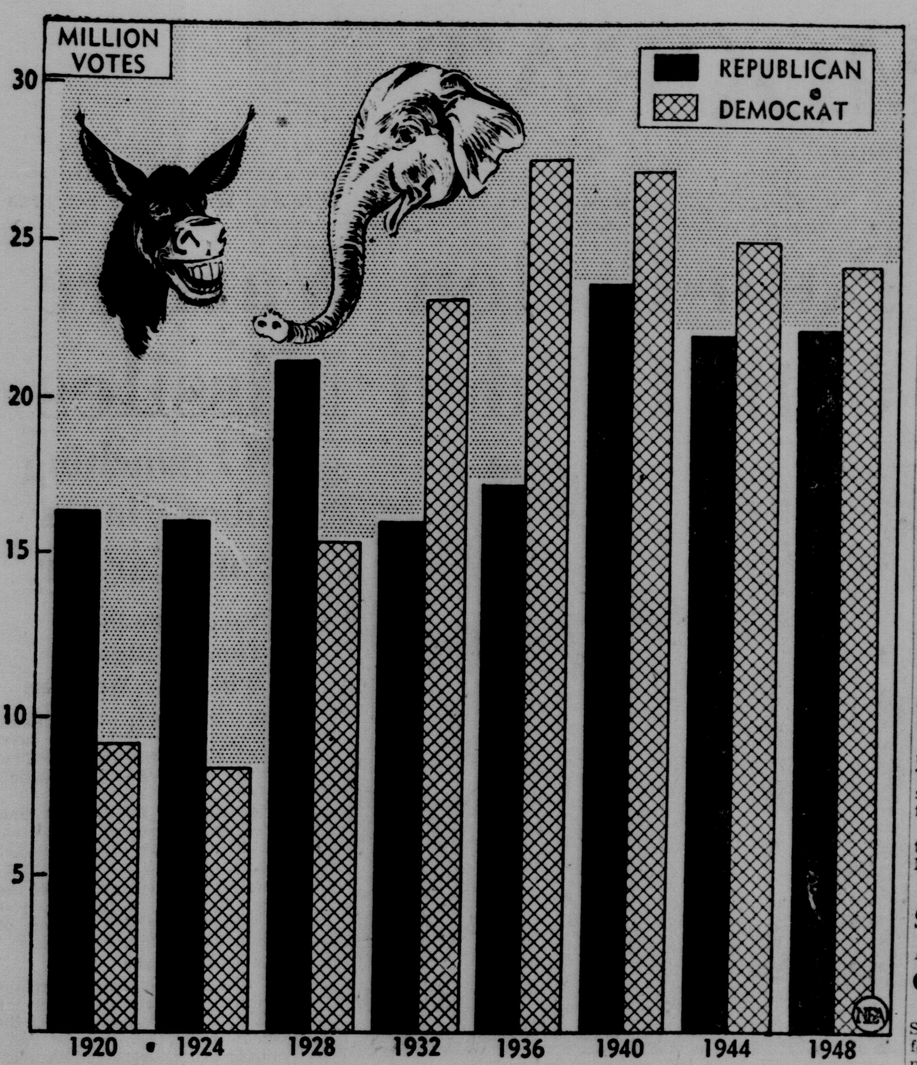

Gen. LeMay to Korea

TOKYO (AP)—The U. S Army is Japan now is carrying famed Mt. Fuji on its shoulder.

The Far East Command today announced the snow-capped peak is the motif for the new shoulder patch of Headquarters, United States Army Forces, Far East.

Mt. Fuji an Emblem

SEOUL, Korea (AP)—Gen. Curtis E. LeMay, commanding general of the .U S. Air Force Strategic Air Command, arrived today for a brief visit with top Allied ground and air commanders in Korea.

PULLING IN THE VOTES—Newschart above shows the popular vote for the two major political parties since 1920. The Democrats were second best until Franklin Roosevelt was elected in 1932. During the 1936 election, the Democrats established an all-time record in vote-getting with more than 27 million votes. The maximum vote for the Republican candidate to date is 22 million votes for Wendell Willkie in 1940. In the past two elections the GOP has narrowed the gap, but not enough to oust the Democrats from the White House.

'McCarthyism Endangering' US Liberties

NEW YORK (AP) — Sen. Herbert H. Lehman (D-NY) said today that "McCarthyism" is endangering this nation's civil liberties and destroying the people's faith in freedom and Democratic principles.

In a speech prepared for delivery before the AFL National Convention, Lehman also said the Taft-Hartley Act "must and will be" repealed.

"Civil liberties include the freedom to think, write and speak as one pleases," the senator said. ". . . and above all to worship God as one chooses. . . .

"Today, the greatest and most immediate danger to our civil liberties is from what we call McCarthyism. The deadly and infectious quality of this danger was never so clearly demonstrated as by the results of the Wisconsin primary election last week."

Although Lehman never mentioned him by his full name, he was referring to Sen. Joseph R. McCarthy (R-Wis) who last week was overwhelmingly chosen as GOP nominee for re-election to the U. S. Senate.

Lehman said "the McCarthyites unquestionably have an appeal. They come before the people as super-patriots. . . . They thrive on fear, they revel in it."

Another speaker at the convention today will be Sen. Wayne Morse (R-Ore).

Symington Promises Aggressive Assistance On Federal Contracts

ST. CHARLES, Mo. (AP) — Stuart Symington, Democratic candidate for the U. S. Senate, last night promised "aggressive representation" to make sure Missouri gets its full share of government contracts.

Addressing the St. Charles Democratic Club, Symington said "even a casual analysis of Missouri's current position shows we are not getting our share—and payroll is a prerequisite to prosperity."

To assume "aggressive representation," Symington said he would, if elected, give a "stockholder's report" to Missouri voters at meetings in each of the state's 11 Congressional Districts.

Commies Charge POW 'Persecuted to Death'

MUNSAN, Korea (AP)—The Communists today charged the Allies "persecuted to death" a Red prisoner of war Tuesday.

The protest was contained in letters exchanged by liaison officers at Panmunjom.

The Allies had announced a Communist captive was found hanging in the POW camp on Koje Island Tuesday. The U.N. said it was "apparently a suicide."

FREDDY GETS THE BIRDS—Freddy, 16-month-old Hereford steer, hopes the pigeons roosting on his neck aren't an ill omen. He's been entered in the livestock competition at the Los Angeles County Fair, and he hopes the judges won't give him the bird. His pretty mistress, 4-H Club adviser Gloria Ward, 19, of Pomona, has also entered the pigeons in a judging event

Truman Thru Heart Of New York While Whistle Stopping

NEW YORK (AP)—President Truman's whistle-stop tour in New York in behalf of Democratic candidate Adlai E. Stevenson will take him through the heart of the Empire State in a two-day, 12-speech trip.

Details of the president's New York visit Oct. 9-10 were announced today by Peter Crotty, campaign director of the Democratic State Committee.

Truman's schedule calls for speeches and appearances from the rear platform of his special train in key cities from Buffalo to New York. A major address is scheduled at a rally in Buffalo.

208 Sleeping Sickness Deaths In So. Korea

PUSAN, Korea (AP)—The government reported today 208 persons have died in the encephalitis epidemic in South Korea.

Mat-woman a Suicide

HAVANA, Cuba (AP) — A preliminary court today listed the death of 19-year-old Robaina Morejan, a beautiful Cuban lady wrestler, as a suicide.

The shapely, 105-pound girl died shortly after she was found in a gas-filled room yesterday. Police said she left a letter saying she felt "very much alone and disappointed in love."

Square Dancing Classes Begin September 29th

Square dancing is ready to start again full sway and plans for the winter classes are progressing well.

The beginners' group will start on Sept. 29, at 8 p. m. at Smith-Cotton cafeteria and will be open to beginners or those who would like to review.

The association group that danced last year will start on Sept. 23 at Sacred Heart School. If there is enough interest there will be two groups, the intermediate and the advanced.

Both the beginners' group and the association group will be organizational dances.

Those from the communities around Sedalia who would like to join the groups are welcome to do so.

Loan to Pakistan

WASHINGTON (AP) — Documents for a 15-million dollar U. S. loan to Pakistan were signed at a White House ceremony yesterday. Pakistan will buy wheat with the money. The loan is being made by the Export-Import Bank.

Call to Employ The Handicapped Week o f Oct. 5

The State Employment office has received anannouncement through the "St. Louis Employment Newsletter" that the week of Oct. 5-11 will be "National Employ the Physically Handicapped Week".

Public law 176, an act of the 79th Congress, designates the first full week in October as NEPH Week and specifically requests the president to issues a proclamation each year. President Truman has done so for 1952.

Governors of states, mayors of cities and leaders in industry and education are all invited and urged to participate.

The week is spent in bringing to light the fact that ability counts whether the person is entirely physically qualified for a job or not.

Smith-Cotton High News---

Coronation Dance Friday Will Have Activity Queen

By Ruth Maurine Hoffman

The annual Smith-Cotton coronation dance will be held Friday evening in the school cafeteria following the Smith-Cotton Tiger football game with Kemper. At this event, the class which sold the largest number of activity tickets, will have its candidate crowned Activity Queen by Dick Rucker, president of the senior high school student council.

Class queen candidates are: Doris Schlobohm, senior; Ruth Waters, junior; Marilyn Garrett, sophomore; Nancy Jean Pace, freshman and Delores Dillon, eighth grade.

This dance is sponsored by the Spiz Club and Hollis Lane is in charge of decorations. Gene Watt's orchestra will provide music.

Spiz Club Elects

The Smith-Cotton Spiz Club elected officers at its first regular meeting of the school year Monday afternoon. Elected were: Betty Leiter, president; Charlotte Salveter, vice president; Charlene Ezell, secretary and Judy Rissler, sergeant-at-arms.

Eighth Grade Officers

Eighth grade class officers for 1952-1952 are: Vernon Ditton, president; Larry Alley, vice president; Pat O'Mealy, secretary-treasurer and Kay Richardson, reporter.

NFL Begins Year

The Smith-Cotton Chapter of the National Forensic League held its first meeting of the school year Tuesday morning. President Donald Barnes presided and committees were appointed. The committee chairmen are Bill Hammond, Larry Lingle, James Cable, Kathryn Craig, Joan Wheeler, Kurman Riley and J. C. Rucker.

Coming Comet

Halley's comet, last seen in 1910, will be visible to the naked eye again in 1986. When it swept near the earth in 1910, it had a tail 18 miles long.

Japan Names Youngest Volcano, Says It May Have Produced Twins

TOKYO (AP)—Japan today named the world's youngest volcano and said the fiery mother may have produced twins.

The Myojin Reefs is the name selected by the Hydrographic Division of the Japanese Maritime Safety Board. It honors the fishing boat Myojin Maru, whose crew discovered the eruption yesterday about 200 miles south of Tokyo.

Crew members said the mouth of the volcano is clearly visible above the water and a column of fire can be seen. Also visible is a fairly large island to the west and a smaller one to the south.

Mississippi Guests Honored at Picnic

A picnic dinner was held in honor of Mr. and Mrs. Bill Pettis, Charleston, Miss., on Sunday, Sept. 14, at Liberty Park.

Those attending were Mr. and Mrs. Harold Lindley and children, Patty and Mike of Shanberry; Mr. and Mrs. George Gorrell and children, Larry, Junior and Bonnie, and Mr. and Mrs. Fred Harding, all of Sedalia; Mr. and Mrs. Wes Harding and children, Ann and Mike and Sam Anderson, Green Ridge; Mr. and Mrs. Fritz Harding and children, Fred and Bill, La Monte; Mr. and Mrs. Stanley Haggard, Mr. and Mrs. Carl O'Neel and sons, Dickie and Tommie, Mr. and Mrs. Kenneth Weinrich and daughter, Layne and Mr. and Mrs. Harry Dexheimer, Sedalia; and Mr. and Mrs. Melvin Dexheimer and daughter, Lynn Elluen and Beth Ann, Hughesville.

Kola Club Meets At Bremer Home

The Kola Club met Sept. 10 at the home of Mrs. Edwin Bremer with Mrs. Leonard Siegal assisting hostess. A delicious dinner was served at noon.

Mrs. C. E. Williamson was in charge of the business meeting. Roll call was answered with "What room I would like to improme". Mrs. Williamson and Mrs. Forest Hampy presented the program, "Planned Housekeeping". Plans were made for achievement day.

Three guests were present and Mrs. Warren Baltzer joined the club.

Pal gifts were distributed after the meeting adjourned.

Mrs. Herbert Kurt will be hostess to the club Oct. 8.

Otterville PTA Has Recent Meeting

Mrs. Arthur Broderson, president, presided over the first meeting of the Otterville PTA Tuesday.

Following the regular routine of business, the program leader, Mrs. Durward Goode, presented a short musical program: "School Days" sung by Shelia Bane and Pat Dunham: "Whispering Hope" sung by Amelia Diefendorf and Peggy Finley: vocal solo, Mrs. Frank Yeager.

The following teachers were introdused: Mrs. Herbert Kuhn, Mrs. A. Y. Burford, Mrs. Lewis Zumsteg: Mrs. Raymond Hansen, Miss Beulah Peoples, Mrs. Lee Lewis, Mrs. Glenn Ripley, Seibert McDaniels, Morrie Schroeter, Miss Barbara Thompson and Mrs. V. C. Harrison.

Refreshments were served by the hospitality committee.

Home From California

Mr. and Mrs. F. C. Klein, 617 West 16th, and Mr. and Mrs. Leonard Rehak, 1813 South Park, have returned to their homes after spending two weeks visiting relatives and friends in Norwalk and Los Angeles, Calif.

Libya is the fourth independent and Liberia are the others free of ties to colonial empires.

Soft Lines Fall News

BY GALE DUGAS,
NEA Woman's Editor

NEW YORK — (NEA) — The stress placed upon softer lines in fall fashions means, of course, that there's a new softness in fabrics.

To interpret the softer silhouette, designers have turned to softer fabrics. Thus, we'll see much of the chiffon woolens, either woven or knit. This includes chiffon tweed, since tweed is always with us in some form, come autumn.

Similarly, tweed is developed in the fluid, readily modeled fabric called tweed jersey. Such tweeds are squally at home in town or country, are readily teamed with the sophistication of black velvet or black suede.

Dress in tweed jersey (left) by Eisenberg has full, gathered skirt with slot hip pockets. There's a dolman cut for the sleeves, which are cuffed in the black velvet used for the vestee and the roll collar with deep V neckline. Wide belt is in velvet, too.

Chiffon tweed is used (right) by this same designer for a dress that buttons down the front. Dolman sleeves end just below the elbow. Soft fullness is achieved through two loose panels with slash pockets that begin at the neckline, are belted in by black suede, and fly out from the waistline.

Mrs. Maude Davis Is Club Hostess

Mrs. Maude Davis was hostess to 13 members to Meet Your Neighbor Club at her home Sept. 4.

Roll call was answered with "a game our family enjoys together". The devotional was given by Mrs. J. L. Conway and the 1953 program was discussed. Officers were elected.

The next meeting will be with Mrs. Ed Wagner Oct. 2.

Extension Club Enjoys Woodcraft Meeting

Sixteen members of the Green Ridge Extension Club met Sept. 16 and enjoyed a woodcraft project. The members are decorating wooden trays and bowls. Another meeting is required before the project will be completely finished.

Roll call was answered with naming "my favorite teacher and why I liked her".

Mrs. Carl Sprickerts was hostess.

The next meeting will be Oct. 21 at the home of Mrs. Jim Carter.

E. H. Fowler Honoree At Birthday Supper

Monday evening Mrs. Elmer Fowler, Otterville, entertained a group of boys with a dinner honoring the 11th birthday of her son, E. H.

Guests were: Merrill Burford, Jerald Hansen, Jimmy Looney, Billy Speaker and Charles Goode.

The evening was spent playing games.

New Bethel WSCS Meets at Dump Home

Mrs. Roy Dump, Spring Fork, was hostess to 14 members of the New Bethel WSCS for the September meeting.

Mrs. Ab Ball was program leader for the day. Her subject was "The Word of Reconciliation". Mrs. Vest Elliott, Mrs. L. L. Milburn, Mrs. J. T. Edmundson and Mrs. R. E. McCown assisted. The Rev. Carl Opp told of the three study books for the year. Mrs. Opp gave a report on the WSCS seminar held at Epworth Methodist church and the district meeting at Clinton.

The October meeting will be at the home of Mrs. Ab Ball with a covered dish luncheon at noon. A comfort will be tacked that morning with the program that afternoon. The comfort top was pieced by Miss Lula Monroe, while a patient at the hospital and is a gift from her to the society for missions.

Flat Creek Baptist WMU Elects Officers

Flat Creek Baptist WMU met Sept. 12 for an all day meeting at the church with seven members present.

The day of prayer was observed with the lesson on "State Missions". A book review, "So This Is Africa", was given by Mrs. Mason Ripley.

The following officers were elected: Mrs. O. F. Richardson, president; Mrs. Curtis Lopp, first vice-president; Mrs. Willie Anderson, second vice-president; Mrs. George Anderson, secretary and treasuerer; Mrs. Thurman Barton, reporter; Mrs Glen Miller, community mission leader; Mrs. Richardson, GA junior councilor; Mrs. Mason Riley, mission study leader; Mrs. John Billings, young peoples leader.

The next meeting will be Oct. 7 at the church.

4-H Members Discuss Ribbons Won at Fair

The Harmony Hustlers 4-H Club met at the home of L. A. Mertgen recently and discussed the ribbons members won at the Morgan County Fair.

They decided to have a booth at the Stover Fall Festival. Members of the club are going to make some posters concerning health and food.

Eleven members and 16 guests were present.

Refreshments were served and games were played.

The next meeting will be held at the home of Roy Payne, Oct. 10.

To Birthday Fete

Mr. and Mrs. W. H. Harms and Mr. and Mrs. Olin Klein and Bill, spent Sunday with Miss Viola Hale in Fulton to help her celebrate her 79th birthday. They also visited Miss Sarah Wilson and her mother.

Sedalia Presbyterial Retreat at Tipton

The Sedalia Presbyterial held its fall retreat at the Tipton Presbyterian Church Sept. 9, at 10:30 a. m.

After the prelude, played by Miss Caroline Wray, Miss Axton of Jefferson City sang "Near To The Heart of God".

The president, Mrs. C. E. Bower, Jefferson City, gave the devotionel: Story—A Dream—"What If They Had Quit?", followed by solo, "Go Labor On".

Each secretary gave a report of her work.

Closing – The Adventure of Prayer. Silent prayer and directed meditation.

Closing—Mrs. Bower.

A luncheon was served at the home of Mrs. Roy Finley by the local missionary society.

Plans were made in the afternoon meeting for the fall presbyterial to be held at Green Ridge Oct. 14.

Thirty people were in attendance at the retreat.

Chicken Dinner Enjoyed at Park

Mrs. W. J. O'Neal, 2701 South Grand, entertained a group of her close friends Tuesday, Sept. 16, by taking them to Brownfield Roadside Park near Otterville, where she served a southern fried chicken dinner at noon.

The table was set for eight.

During the afternoon Doyle Ross Mabry entertained by playing popular records on a portable phonograph and pictures were taken, after which Mrs. O'Neal served refreshments.

Guests included Mrs. John F. Lorgman, Doyle Ross Mabry, Mrs. Lovena McCormick, Mrs. Grace Cehringer, Mrs. William M. Mabry, Mrs. Iven Mabry and sons Michael and Douglas.

Leave for New York

Mrs. Forest Hood, 615 West Second, accompanied Mrs. James Hood and son, Jimmie to St. Louis Thursday. Mrs. James Hood and son will leave by train for Watertown, N. Y., where they will reside.

Nebraska has a water supply of more than 1,000,000,000 acre-feet annually.

'Operation Bluejay'

New AF Base 'Sails' to Greenland From Its 'Nest' In Norfolk

NORFOLK, Va. — With partial security wraps just removed from the vitally new strategic Thule Air Force Base in Greenland, the story of the key role played in that project by the Hampton Roads Port of Embarkation can now be told.

It has been called the "nest" for "Operation Bluejay," code name for Thule.

Even to the residents of the Norfolk area, used to the highly secret comings and goings of the Navy fleets based here, the activity of Hampton Roads since its reopening in May, 1951, has been a deep mystery.

In reactivating this famed World Wars I and II Army port to support Operation Bluejay, the Army Transportation Corps has made it into one of the most modern facilities of its kind in the country. And under a cloak of secrecy it has become one of the country's biggest ports on the basis of tonnage handled.

For months after the Army moved in, persons in the area watched with awe as almost unbelievable amounts of all kinds of material and equipment piled up on the acres of open storage space and in the big warehouses.

Then they were more puzzled to see it all melt away in a few weeks as fleets of eight to 10 ocean-going ships at a time, being loaded day and night, carried it off.

This build-up and sudden removal of cargo will continue.

The cargo included long rows of giant cranes, fleets of huge earth-moving machinery and 50-ton trucks, giant rock crushers, enormous packages containing prefabricated buildings, stack upon stack of heavy steel beams, innumerable steel fuel storage tanks and sky - high mounds of odd-shaped crates and packages.

When the Joint Chiefs of Staff decided soon after the start of the Korean fighting to go ahead with Operations Bluejay as a major new strategic outpost against Communist agression, they were faced with some unique problems.

First, because of the barrenness and lack of industry on Greenland, everything from concrete for the runways to ketchup for the workers had to be shipped in. Further, enough material had to be moved in during a few weeks in the Summer to keep the big project going for a whole year, because the waters around Greenland are frozen most of the time.

Although supplying Thule with workers, troops and materials is the major mission of Hampton Roads, it is also used extensively to support American forces in Europe.

Each of its two large, modern piers has three depressed railroad tracks for fast transfer of heavy cargo. The port facilities include 28 miles of railroad track and 2,000,000 square feet of warehouse ing space.

The actual shipping job is done by the Military Sea Transportation Service. Ships sail from here individually as they are loaded, then rendezvous somewhere in the North Atlantic and cover the last leg of the cold journey through the Baffin Bay - Davis Strait area to the Arctic Circle in convoy behind Navy icebreakers.

The last ship of the season sailed for Greenland early in September in hope of getting through with one last load before the ice pack closes in for the season.

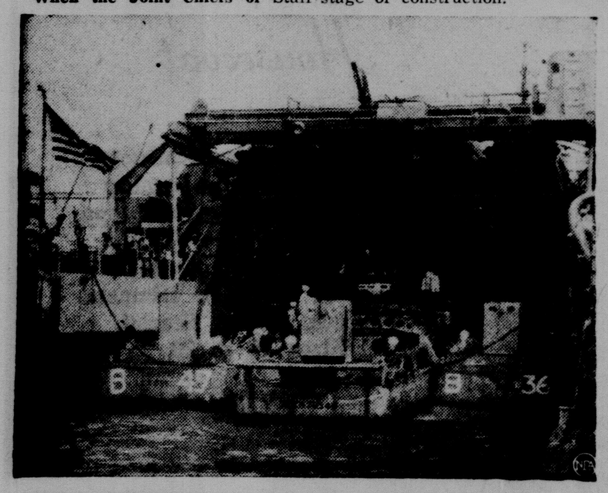

Maj. Gen. Frank A. Heileman, Army Chief of Transportation, claims that "without the logistical support which we have provided here, the great Thule base would still be on the drawing board instead of in its present advanced stage of construction."

CLUTTERED DECK OF FREIGHTER is loaded with a miscellany of earth movers, bulldozers, graders and other heavy construction equipment to build the big new U. S. Air Force Base in Greenland.

ENDLESS LINE OF CRANES awaiting shipment for Operation Bluejay is inspected by Maj. Gen. Frank A. Heileman, Army Chief of Transportation, and Col. T. J. Weed, former commanding officer of the Hampton Roads Port of Embarkation.

LIKE A MAN-MADE WHALE, landing ship dock swallows load of LCMs, loaded with gear for Bluejay, at Hampton Roads port.

American In Comeback After Steel Strike

WASHINGTON (AP) — Industry's rapid recovery from this summer's two-month steel strike was underlined in a Labor Department employment report today.

The department's Bureau of Labor Statistics said non-farm employment hit a record level of 46,900,000 persons in jobs in mid-August.

This was an increase of 900,000 90,000 persons in jobs in mid-August.

This was an increase of 900,000 from mid-July and 200,000 over a year ago.

British Scouts In Red

LONDON (AP) — Britain's Boy Scouts — nearing the half-million mark in membership — are 3,000 pounds ($84,000) in the red, the organization's annual accounting revealed today.

Government Digs Deeper to Find $20 Million Gold

LOS ANGELES (AP)—The government dug deeper today into the tale of 20 million dollars in buried gold.

At least four more Southern California men have been subpoenaed for a federal grand jury investigation of the fascinating case. Prosecutors declined to disclose their identity.

But Ray Kinnison, assistant U.S. attorney, said one of them is supposed to have seen the gold and to hold a power of attorney in connection with the owner's efforts to dispise of the cache.

The story under investigation is that years ago a Mexican national brought the gold across the border during unrest in his own country and buried it somewhere in the Southwest. It would have been legal then. But since 1933 gold hoarding has been prohibited in the United States.

The authorites have heard reports that someone now is trying to sell the gold to the U.S. Mint and at the same time avoid hoarding penalties.

Singing Soldiers

Marching into Paris to take part in the attack on the Tuileries in 1792, soldiers of Marseille sang Rouget de Lisle's battle song with such spirit and vigor that it became known as "The Marseillaise."

Watching Guided Missile Take-off Thrills Newsman

TOKYO (AP)—Fred Waters, Associated Press photographer, has had many hair-raising experiences in 25 months of covering the Korean War. But the most gripping of all was watching the first take-off of a guided missile in warfare.

"It was like watching a baby being born," he said.

Waters covered the historic event aboard the SS Boxer Sept. 1. His graphic story was released by the Navy in Washington Wednesday.

Waters, 26, was a Navy combat photographer in World War II and served in the Army after the war. He has been wounded twice in Korea.

Ranch Park

The Theodore Roosevelt national memorial park covers 58,000 acres along the Little Missouri River in North Dakota; part of Theodore Roosevelt's Elkhorn ranch.

Windsor Hospital To Be Dedicated

Windsor's new community hospital will be dedicated at 1:30 p. m. Sunday, Sept. 20, at the hospital grounds, and the building will be open for inspection by the public until 4 p. m.

It was built at cost of $65,000 and has a 26-bed clinic with $20,000 worth of equipment made possible through stock subscriptions from residents of Windsor and that area.

It is one story structure with basement.

Truman Names Cabot As Pakistan Envoy

WASHINGTON (AP) — President Truman has named John M. Cabot, State Department career officer from Massachusetts, as ambassador to Pakistan.

The appointment was announced yesterday after a White House ceremony at which Pakistan received a 15-million-dollar loan for the purchase of American wheat.

Cabot, a 51-year-old resident of Cambridge, Mass., has been American minister to Finland since Feb. 2, 1950.

Assistant Secretary of State Jack McFall has been named to take Cabot's place in Finland. Avra Warren, who has been ambassador to Pakistan, is being given another assignment.

Modern art in all countries is essentially French, according to the Encyclopedia Britannica.

Attend Dedication Of New Church

Mrs. Christine Bluhm and daughter, Mrs. Earl McClanahan, Sweet Springs, together with Mrs. Bluhm's two sisters Mrs. John F. Bluhm Sr., Smithton, and Mrs. Ida Denker, Belton, drove to Canton, Kan., to celebrate the dedication og the new Immanuel Lutheran Church at Spring Valley on Sept. 14.

It was also a homecoming for the three sisters as they were all confirmed in the old Spring Valley Church and enjoyed the friends and relatives who came for miles around to worship in the new structure. Some of the friends they had not seen for over 50 years.

Three services were held. The Rev. H. W. Munderloh, Russell, Kan., delivered the message at the main dedication service and the Rev. Arthur F. Traugott, Ellinwood, Kan., was in charge of the afternoon service. The evening service had as its main feature an organ recital by Prof. A. F. Droegemueller, Independence, Kan., a former teacher at Spring Valley. The Rev. J. L. Sreelow is now pastor of the church.

COMING ATTRACTIONS
JACK FROST
IN
"LOWERING TEMPERATURES"

Leave your pilot light burning—
BECAUSE...
1 Your gas furnace will last much longer. The small amount of heat from the pilot light evaporates moisture and prevents rusting within the furnace.
2 Heat is instantly available when you want it during damp and cold summer days.
3 Simply move the thermostat to the lowest possible setting. This will assure no delay in starting your furnace next fall.
Missouri Public Service Company

Remember the ad to the left which appeared last May? Did you leave *YOUR* pilot light burning?

The forecast is for lowering temperatures. To many of our customers this merely means summer has come and gone. It may cause inconvenience to others until our serviceman can relight their gas furnace.

Leaving your pilot light burning costs only a few pennies a month. But this trifling cost is a sound investment in assuring longer life for your gas furnace.

If you extinguished the pilot light, why not call us right now, while time remains, and have it relighted. You'll be helping us to better help you. And you'll have heat to raise those lowering temperatures.

Missouri Public Service Co.

HERE IT IS!.. Confetti
The Floor Tile Sensation of the Year!
Durable, easy-to-install asphalt tile flecked with gay colorings . . . the most attractive, "soil-hiding" floor you've ever seen. Any of these multi-colored patterns harmonize with any type of furnishing.

WOMAN'S PLACE IS IN THE RING—Georgianna Knowles, riding her white-tailed Tony bareback, streaks by the bull in the Juarez, Mexico, ring planting banderillas in the enraged animal's back. Holding the ears of the el toro she killed, the 18-year-old Ysleta, Tex., miss salutes a crowd of 4000. (NEA)

Three Brothers Serve Together

WITH THE U. S. 3rd Division, Korea (AP) — Three brothers — all privates first class — are on the Korean battlefront with the 65th (Puerto Rican) infantry regiment.

They are Reuben Martinez, 20, Alexandro, 21, and Tulmero, 23, of Isabela, P.R.

Marine Borer Control Seen

COLUMBUS, O. (AP) — Battelle Institute reports one of mankind's most destructive pests is in for a tough time — thanks to a simple dentist's x-ray machine.

Dr. Clyde Williams of the Columbus institute says more effective control of destructive marine borers and other types of marine damage is in sight. "At our North Florida research station, we have found it possible to take pictures of wood damage caused by marine borers, using a simple dentist's x-ray machine," he reported. "This gives us an invaluable aid for studying wood preservatives as they are being developed."

A clearer understanding of how anti-corrosive paints protect steel and other metals from sea air and sea water is needed, the research leader said.

Speedster

On one of his speed car runs at Bonneville, Utah, Sept. 16 1947, John R. Cobb was timed at 403.135 miles an hour, the fastest ever traveled by man on land.

Doc Morrison Prescribes

LEESBURG, Fla. — When old Doc Morrison stepped up on the make-shift rostrum at the ball park, shielded his eyes from the sun and began to talk in that familiar, soft-spoken manner of his, few folks expected any surprises.

It had been a big day in Leesburg. The townspeople had finally honored the 72-year-old physician for his 44 years of service and they'd really done it up brown.

The band had played, the quartette had sung, there'd been a scrumptious lunch-box dinner down by the lake bed, the mayor had made one of his finest speeches and the presents showered on the guest of honor had been magnificent.

So when Doc — Dr. H. K. Morrison to strangers — arose to make his "thank you" talk, most people expected nothing more than the usual brief acknowledgements. They weren't prepared for his topper.

It came almost casually, as though the announcement were of no particular importance at all.

"As of this date," he said, "I cancel all indebtedness that may be owed me. We'll start all over again, all of us together, for another 44 years."

At first there was silence. The meaning hadn't sunk in yet. But when it did, the applause rolled in like thunder waves.

Such unselfishness had been characteristic of Doc since he first came to Leesburg back in the horse and buggy days — a tall, slim, handsome youth whose bedside manner was a bit uncertain but seemed to please the ladies mightily. He specialized in obstetrics, a word he usually had to explain.

Doc never did get rich: he was always too lenient in giving out credit. And even though the newer doctors sometimes kick about it, he still refuses to advance his prices — $1.50 for an office call and $2 for a home visit — from the level they were many years ago.

In his years of practice, Doc brought into the world at least 3000 of Leesburg's citizens. Several hundred of them were on hand for the celebration, all sporting buttons proclaiming them "Doc Morrison's Children." Seeing them all together, he says, made him feel "just like St. Peter might."

The idea to honor Doc was a spontaneous one. The years had slipped by and no one counted. They everyone suddenly realized that Doc was white-haired now and it was time that the town honor him for his efforts.

When plans for the affair were made, the object was to keep it a secret. Doc soon found out, though, and tried to make the leaders promise that there'd be no gift giving.

But his wish was disregarded. After he'd been paraded around the ball park in an old horse and buggy, Doc was called front and center to receive a treasure chest of presents.

One was a television set — to "keep him home nights with the missus." Another was an expense-paid trip to his class reunion at the University of Michigan — the first vacation anyone could ever remember him taking.

It just wouldn't have been Doc's way to take all this without giving something in return, so he got up and unleashed his surprise — an idea he'd mulled over and kept secret for weeks.

In two quiet sentences he supplied a fitting climax to the celebration by wiping out the debts of a lifetime.

It was indeed his day.

Iraq today occupies most of the area of ancient Mesopotamia.

Eight Perish as Train Derails In Germany

HAMBURG, Germany (AP) — A German commuter express train jumped the tracks today as it approached the main Hamburg railway station, killing at least eight persons and seriously injuring more than 30 others.

Three hours after the accident, rescue crews still were combing the wreckage in which more victims were believed trapped.

The cause of the accident was not immediately determined.

Milk fat is almost 100 per cent digestible.

Marylands official bird is the Baltimore oriole.

FALSE TEETH
That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the **alkaline** (non-acid) powder on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks plate odor' (denture breath). Get FASTEETH at any drug store.

2 From Stover Join The Navy

By Mrs. Arthur Ward

STOVER — Nelson Hagedorn, son of Mrs. Lorena Hagedorn, and Leroy Miller, son of Mr. and Mrs. Erich Miller, left Monday for Kansas City to enlist in the United States Navy.

Mrs. M. C. Williamson of Smithton will give the outline of the WSCS study book in an all-day meeting at the Methodist Church Wednesday following the weekly prayer meeting. A covered dish luncheon will be held at the noon hour. She will be accompanied by her mother, Mrs. Davis of Clinton, and members of the Smithton WSCS.

Miss Hattie Hottman and sister, Mrs. Bertha Webb of Kansas City, spent several days last week with their sister Mrs. Owen Todd and Mr. Todd.

Dr. A. Sterling Ward was guest speaker at the Methodist Church Sunday morning, after which he was guest of honor at a dinner given by his parents, Mr. and Mrs. Arthur Ward. The following were guests — E. G. Blackman, Mr. and Mrs. R. J. Blackman and John, Mr. and Mrs. Ernest Johnson and Willard, Mrs. Nora Argenbight and Mrs. Gordia Rapp, Mrs. Fannie Schupp and Miss Frances Pontins, the last three are of Sedalia. Dr. Ward will leave Saturday to attend the Missouri Methodist Conference in St. Joseph.

Mrs. Lena Stagner, a girl hood friend of Mrs. Laura Fisher, her daughter and husband of Sedalia spent Sunday afternoon in the Fisher home.

Mr. and Mrs. Lloyd Hamrick and Jimmy Hanrick spent the weekend in the Meisner, Cossiart and Hamrick homes. Mr. and Mrs. Billy Hamrick were Sunday guests of their parents Mr. and Mrs. Charles Hamrick and John.

Mrs. Clarence Boeschen returned to her home Sunday after an operation in Bothwell Hospital. She spent several days with her brother, Louis Hinken and wife in Sedalia after being dismissed.

Mr. and Mrs. Cletus Kraxberger of Dodge City, Kan., and Mr. and Mrs. F. J. Kraxberger were dinner guests of Mr. and Mrs George E. Cook near Smithton Tuesday evening.

Mr. and Mrs. Ray Biggs and children, Marilyn and Douglas and Mr. and Mrs. Joe Smith spent Saturday night and Sunday at a cottage on the Lake.

Mr. and Mrs. Milburn Eckhoff and Ted Eckhoff of Chicago left Monday for their home after a visit with relatives here.

Mr. and Mrs. Lester Fischer and son of Kansas are spending their vacation in the Fischer and Stucker homes.

The Methodist Church will install a Hammond electric console organ this week.

Mrs. Kathryn Eckhoff and daughter Yvonne spent last week in Sedalia with her son, Arnold Eckhoff and family.

Mr. and Mrs. Francis Kraxberger and their son Cletus and wife of Dodge City, Kan., and Miss Edna Rugen were dinner guests Wednesday of Mr. and Mrs. E. H. Kipp.

Miss Wanda Kueck of Kansas City is spending her vacation with her parents, Mr. and Mrs. Edwin Kueck.

Miss Mary Elizabeth Brauer of Kansas City and friend spent Sunday here with her parents, Mr. and Mrs. Emil Brauer, and Arthur.

Mr. and Mrs. Jewell Stevinson and children Jay and Judith spent Sunday afternoon in Sedalia visiting Mrs. Stevenson's mother, Mrs. Cora Small, who is employed in Sedalia.

Mr. and Mrs. Herschel Small left St. Luke's Hospital in Kansas City by plane Saturday for Mayo Clinic, Rochester, Minn., where Mr. Small was admitted for surgery.

The following members of our WSCS attended an all-day seminar in Sedalia Wednesday: Mrs. Warren Cooper, Mrs. Jewell Stevinson, Mrs. R. J. Blackman, Mrs. Otto Englebrecht and Mrs. Nona Argenbright.

Mr. and Mrs. Harold Case are the parents of an 8 pound baby born at the Gunn Clinic in Versailles Wednesday night. Mrs. Case returned home Saturday night and her mother Mrs. Clarence Schroeder is caring for her.

Several of our citizens attended the three day fair at Cole Camp last week.

Mr. and Mrs. S. T. Bailey of Sedalia were business visitors here Wednesday and called on Mrs. Pauline Koehring and in the Arthur Ward home. Their grand-daughter Velma, now living in St. Joe, gave birth to a five pound son at Bothwell Hospital Aug. 31.

A boy was born in the Gunn Clinic Wednesday to Mr. and Mrs. Roy Shockely.

Mr. and Mrs. Cletus Kraxberger of Dodge City, Kan., spent from Monday until Thursday with his parents, Mr. and Mrs. F. J. Kraxberger, and other relatives.

Miss Charmaine Wiest of Kansas City accompanied Mrs. Herschel Small home from Kansas City Thursday night and spent Friday here.

George Cossiart is the new caretaker of our public schools, while our former janitor, Deo Warnke is taking High School students to class by bus.

Kerry Cole is recovering from a serious operation at Wentzel Hospital in Clinton. His father Eddie Cole of the Air Force in California flew here to be with him.

Carol Welpman and Lumas Gerhrs left Thursday on a business trip to California., returning by Silver City to see Donald Gehrs.

Miss Josephine Jolley of Washington, D. C., is visiting relatives here. Her brother, Mr. and Mrs. Joseph Jolley and family of Springfield, Mo., brought her to Versailles Wednesday, where she is visiting her sister Mrs. Roger Meyer and family. Mrs. Nona Argenbright was also a guest Wednesday in the Meyer's home.

Mrs. Otto Kraxberger, president of the WSCS accompanied a group of WSCS women to Preston Tuesday, where she gave a report of the school of missions recently held in Fayette, Mo.

Mr. and Mrs. Raymond Geary and Myrna and Mrs. Mary Teitgen visited the latter's brother, Will Teitgen, in the Wentzel Hospital in Clinton Sunday afternoon.

Mr. and Mrs. Frank Bohling and Larry entertained at dinner Sunday, Mrs. J. W. Bohling and Melinda and her mother and grandmother, Mrs. Opal Baum, and Mrs. Dora Huffman, Mr. and Mrs. J. R. Lyle and sons, all of Sedalia, and Bobby Bohling.

BANSHEE CHASES A "DEMON"—Streaking through the clouds, the McDonnell single-jet, swept-wing, carrier-based XF3H-1, designed for the Navy, is chased by a F2H-2 Banshee, which is making a camera record of flight performance of the experimental plane. The Banshee belongs in the 600-miles-per-hour class, but data on the Demon are not yet released.

Sacred Heart High News---

Paul Rialti Named Editor Of Spectrum Staff for Year

By Beverly Couhig

The Spectrum staff of the 1952-53 yearbook has been selected. The editor is Paul Rialti. Assistant editors are Pat Keating and Annette Moser. Other members are: Harold Bisho, , Henry Dick, Bernadette Fowler, business managers. Circulating managers for the various classes are as follows: Rosa Lee Hall, Patricia Hall, seniors; Patsy Ryan, Vernon Steffen, juniors; Ruth Pfeiffer, Jeannie Weimholt, sophomores; Barbara Franke, Mary Helen Williams, freshmen.

Chemistry students are looking forward to a different but enjoyable year. They are changing from the macro method to the semi-macro method in their lab work. Instead of handling a few large bottles, the students will have hundreds of small bottles. The laboratory is under the supervision of Sister M. Rosita, C. PP. S.

Elliott Wants State Labor Law Modernized

ST. LOUIS (AP) — Calling for a modernization of Missouri labor laws, Howard Elliott, Republican gubernatorial candidate, last night suggested the establishment of three-part study commission composed of labor, industry and public representatives.

The commission, said Elliott, would be empowered to recommend any necessary legislative action to revise present statutes, which would be studied "with a high degree of sanity and statemanship."

Elliott advocated the plan at a meeting sponsored by the St. Louis AFL Ship Stewards Council.

Another purpose of the proposed commission would be a study of the "guaranteed absence of adequate protective legislation affecting working women and children."

Cat Statue Unveiled

DENVER (AP) — Now there's a statue to the world's largest cat.

The cat, named Feathers, weighed 40 pounds when he won the world title some years ago. Now he's an old cat whose age in human terms would be 80. The cat is owned by Mr. and Mrs. James George.

The statue was recently unveiled in public ceremonies at a pet shop.

Nixon Gets Big Sendoff, Starts Long Campaign

Aboard Nixon Campaign Train (AP)—Sen. Richard M. Nixon traveled into the San Joaquin Valley of California today, cheered by an enthusiastic sendoff for his cross-country campaign for the Republican presidential ticket.

The GOP running mate of Dwight D. Eisenhower drew warm applause last night in his kickoff speech at Pomona, Calif., near his hometown of Whittier.

The California senator's special train will carry him through California's farm-rich interior, Oregon and Washington during the next week. He flies to Reno, Nev., from Sacramento tonight for a speech, then heads up the Sacramento Valley and into Southern Oregon tomorrow.

Police estimated 7,500 to 10,000 heard his trainside attack against the Democratic administration and his promise that Eisenhower's election would "restore American integrity."

He was introduced briefly by Gov. Earl Warren.

The 39-year-old GOP vice presidential nominee said the aim of the Republican ticket is to clean out what he called the "scandal-a-day Truman administration."

He described the Democratic presidential nominee, Gov. Adlai E. Stevenson of Illinois, as "the handcuffed, handpicked captive of the Truman administration" and he said "a vote for Stevenson is a vote for Truman."

Much-Used River

Steel mills and other industries along its banks use the entire flow of the Monongahela River 19 times for cooling purposes before it reaches Pittsburgh.

QUESTIONED — Former Attorney General J. Howard McGrath, above, appears before the House Judiciary subcommittee in Washington for questioning concerning charges that the Justice Department attempted to block a grand jury investigation of St. Louis, Mo., tax scandals last year. The subcommittee currently is investigating the Justice Department. (NEA

Potato Cluster Found

CHARLES CITY, Ia. (AP) — Robert C. White dug up a peculiar bunch of potatoes in his garden. Instead of growing individually as potatoes usually do, they were in a cluster. There were seven large potatoes and five small ones in the bunch. It was placed on display in a downtown store.

Farmer Deferred

BEERSHEBA, Israel (AP) — A farmer reported at the local recruiting office here with 67 head of cattle, two horses, his tractor and a pick-up truck when ordered to start his military reserve service.

He said nobody but him could take care of his farm while his wife had her hands full with three small children.

Just How "Cheap" is Government Power?

Conversion of energy produces electricity in two ways. One . . . burning gas, coal or oil releases stored-up energy in the form of steam to drive a steam generator. Two . . . the energy of falling water is harnessed to a turbine for the production of power.

Whether steam-generated or hydro-electric power is cheaper depends upon such factors as fuel supply . . . availability of water . . . human efficiency.

As far as machines go . . . it costs the federal government just as much to supply a kilowatt of electricity as it does an investor-owned public utility.

Nor can it be argued that men and women work any more efficiently for the government than for a public utility. Just compare the incentives of bureaucracy with those of free enterprise.

There's absolutely no way to stamp the eagle of the United States upon a kilowatt of electricity — and declare it cheaper by virtue of federal sponsorship.

The federal government may create the illusion of cheaper power by using *your tax dollars* to finance a power project or transmission line. But, remember, government power projects pay little or no taxes.

Sure, the customer of a government-owned power project may save a few cents a month on his electric bill. But he and everyone else has to help pay millions . . . not only for the original cost of the project . . . but to make up for taxes no longer paid by the public utility, if it is driven out of business.

In 1951, electric companies paid federal, state and local taxes, totalling more than a billion dollars—or 23% of their gross revenue. This huge source of tax revenue, of course, is reduced whenever the government takes business away from investor-owned public utilities.

Write your representatives in Congress. Warn them against further expansion of government-owned electric power projects.

2 Churches Hold Joint Meeting At Arrow Rock

By Mrs. M. R. Gillespie

BLACKWATER — Members and friends of the Blackwater Federated Church spent an enjoyable ady Sunday in worship and fellowship with the Federated Church group at Arrow Rock. The Rev. N. O. Wetherell, pastor of both groups, gave the morning meditation, followed by holy communion. There were a number of congregational songs and the following special numbers — prelude, Barbara Townsend; "Let Him In", Arrow Rock Quartet; "I Heard The Voice of Jesus Say", Guy Schupp; piano solo, Peggy Vernon; "Somebody's Praying for You, Mary Burge and John Emerson; prayers of the home, Blackwater Beginners Class, assisted by Gayle Heim, Betty Ashford, Peggy Vernon, Mrs. David Fulfs; "Beyond the Sunset", accordion solo, Mary Ann Fisher; "An Evening Prayer", George B. Simmons; "Waiting on Jesus", Blackwater Choir; "God's Cathedral", Betty Ashford; and "Lead Me Gently Home, Father", Arrow Rock Double Quartet. At the close of the service all went to the State Park where a basket inner was served at the shelter house.

The Blackwater PTA., met at the school building at 8 p.m., Tuesday. The president, Mrs. Warner F. Wing, presided over the business meeting. The president, Mrs. John R. Sims, read the minutes of the last meeting and the financial report was given by Forest Widel, treasurer. The school board, faculty, and executive members of the PTA were introduced. Two delegates, Mrs. C. C. Alley and Mrs. Fritz Schupp, were elected to attend the 37th convention of the Missouri Congress of Parents and Teachers which will be held at Kansas City Oct. 28, 29, and 30th. Mrs. John R. Sims was elected as alternate. Committees were appointed to buy beef, cooking utensils for the lunch room and supplies for the PTA monthly meetings. The next meeting will be held on the regular meeting date, the second Tuesday evenng in each month. The president requested a meeting of the executive board and committee chairmen at 7:30 p.m. the evening of the next meeting. (MORE)

Mr. and Mrs. Archie Eichman, Mrs. Dora Heim, Jr. daughter and son, attended the funeral services Tuesday of Mr. Eichman's uncle, Ed Eichman of Carrollton who died Sunday at the age of 82. Burial was in Ridge Park Cemetery, Marshall.

Mr. and Mrs. B. B. Brown had as dinner guests Sunday MR. and Mrs. Frank Field of Sedalia and her sister, Mrs. Minnie Gorrell, the Rev. Richard Wehrman of Higginsville and Mr. and Mrs. M. R .Gillespie. Afternoon guests were Mr. and Mrs. Aubrey Schuster and daughters, Miss Nancy Schuster and Mrs. Russell Ward and her daughter, Eddie Lynn Ward, all of Columbia, and Mr. and Mrs. W. E. Smith of Sweet Springs.

Jack Eichman, who had been a patient at the Veteran's Hospital, Wadsworth, Kan., following an operation, was released Saturday and returned home that night. He left early Sunday morning for Kansas City and flew to Springfield, Ill., and went from there to Chicago, where he will spend three weeks and attend a convention.

INCLUDED IN THE FARE — Drill master on platform leads stretching exercises for Tokyo-to-Osaka express passengers in Japan during stopover at Hamamatsu, halfway point.

BULL'S TURN—Banderillero Civil is downed and gored by a bull in Dax, France, ring. Matador Parrita, second from left, and another member of the cuadrilla try to distract the enraged animal. Civil was rushed to a hospital with a fractured pelvis and a pierced bladder. (NEA)

HOT SEAT—It's a mighty long time to a cowboy who has to stay aboard a twisting, rearing bronco until the 10-second horn makes his ride a good one. Louie De Moss made this trial run on Wee Spider at Grants Pass, Ore. He will again compete in the World's Championship Rodeo at Madison Square Garden, Sept. 24-Oct. 19. (NEA)

THEY'RE TOPS IN THE TAX PARADE—In the fiscal 1952, which ended June 30, Uncle Sam's Treasury collected a record-breaking $64,970,000,000 in taxes but still ran $4,000,000,000 deeper in the red because of mounting expenses. Newschart above shows the major tax sources, with poor old John Q. Citizen leading the parade. His income and employment taxes in fiscal 1952 were almost $7,000,000,000 higher than the $26,500,000,000 collected the year before.

Lodge Notices

Loyal Rebekah Lodge No. 260 will hold its regular meeting on Friday, Sept. 19, 8:00 p. m., American Legion hall. Past and Noble Grand night. All offices will be filled by past Noble Grand officers.

Mrs. John Buckley, N. G.
Mrs. Chas. Spillers, Sec'y.

Sedalia Council No. 42, R. & S. M., will meet in Stated Assembly in the Masonic Temple, Sept. 18, 1952 at 8 p. m. Visitors welcome.

L. C. Kennon, I. M.
T. V. Aulgur, Rec.

Granite lodge No. 272, A. F. & A. M. will meet in regular communication Friday, Sept. 19th at 8 p. m. All Master Masons are invited to attend. Visiting members welcome.

N. B. Patton, W. M.
J. R. Smetana, Sec'y.

Seven Warrensburg Cafes Are Closed

WARRENSBURG, Mo. (AP)—State inspectors have closed seven of 15 resturants they checked here in an attempt to stop a polio epidemic.

All but two of the restaurants were allowed to reopen after correcting unsantiary conditions. The inspectors said most of the closings were for minor violations.

The inspectors planned to start today on a thorough check of every eating and drinking place in Johnson County.

Polio has taken the lives of three Warrensburg children and sent 12 others to hospitals.

The city council will meet next week with bonding company representatives to take action on a proposal for an $800,000 bond issue to improve the sewer system.

Navy Has Passenger Service

AN AIRBASE IN SOUTHERN JAPAN (AP) — As far as Navy fliers are concerned, the plush duty in the Korean war is operating the "codfish airlines" passenger service.

About 30 officers and men maintain the shore - to - ship - to-shore shuttle service between Task Force 77 off the Korean northeast coast and Itazuke, in Southern Japan.

The name "codfish airlines" derives from a faulty contraction of "carrier on board delivery service". The planes used are old torpedo bombers. As a safety precaution the planes fly in pairs whether there are enough passengers for two planes or not.

Resources Search Planed

VICTORIA, Canada (AP) — The multi - million - dollar United States Smelting Co. will move into British Columbia to carry on exploration and development of natural resources. It has been registered under the Companies Act here.

Lewis Begins Trying to Win Soft Coalers

WASHINGTON (AP)—John L. Lewis tucked a hard coal royalty boost into his trophy belt today and began trying to win over soft coal owners one by one to his contract terms.

Lewis, head of the United Mine Workers, was reported dangling an exemption from next Monday's expected Northern soft coal strike in front of some big Illinois operators.

Most of the soft coal industry, however, seemed to be steadfastly set against bowing to the union chiefs' money demands.

Lewis has charged a selective strike, ordering his men to (1) quit mines belonging to the Bituminous Operators Association—representing most Northern mines—next Monday, and (2) halt work in the Southern Coal Producers Associations' mines on Oct. 1.

The diggings represented by the two associations produce about 70 perecent of the nation's soft coal. Most of the mines west of the Mississippi River are to keep working. And a number of important mines belonging to neither of the big employer associations, including the Big Ben Coal Co. of Illinois, are also strike-exempt.

Lewis says these exempted mines have agreed that, in return for being allowed to keep open while the bulk of the industry is shut down, they will accept whatever new soft coal contract terms are finally negotiated.

The union reached an interim agreement yesterday with the anthracite (hard coal) operators to boost that industry's welfare fund royalty — financing miners' pensions and other benefits—from 30 to 50 cents a ton.

This assures that the hard coal industry will keep on working without a strike but will be called upon to negotiate further contract terms, including new wage rates, probably patterned after what happens in soft coal.

Lewis was reported trying to extend his strike exemption plan to some major Illinois producers—trying, that is, to win them away from the Bituminous Operators Association with promises they won't be struck provided they agree to take any eventual settlement.

The union's demands are reported to be for a $1.80 pay boost for miners now receiving $16.35 a day; a 10-cent boost in the present 30-cent welfare royalty, and shorter working hours.

Yesterday, Joseph E. Moody, president and chief negotiator for the Southern Producers Association, told newsmen acceptance of the Lewis terms would mean "economic suicide" for an industry which he said was badly strapped by poor market demand, low prices and fierce competition from other fuels.

"His demands are so high that it wasn't any use of my even holding a hand in that poker game," Moody said.

Moody disclosed that he has proposed a number of counter suggestions to Lewis, including penalty payments in the event of wildcat, or unauthorized, strikes, and provision that employes share in pension costs now financed entirely by the mine owners.

Semkin Is Leading Eagle Quarterback At Central College

Dennis Semkin, Sedalia, is one of two offensive, first string quarterbacks for the Central College Eagles of Fayette. The team under direction of Coach Orval F. Stiegemeier, will open its season Friday night against the strong Ottawa University Braves at Ottawa, Kan.

Semkin and Fidler are expected to be the two signal callers for the Eagles throughout the season, the two changing off in the main offensive platoon.

Tigers Lose Rutter; Sedalian Moves-Up

COLUMBIA, Missouri, — (AP) —Don Rutter, picked by Coach Don Faurot as Missouri's best defensive tackle, underwent an appendicitis operation Wednesday and will be lost to the squad for at least a month.

Charles Phillips of Sedalia moved up to Rutter's place on the number one defensive platoon as the Tigers worked on offense in preparation for their Saturday engagement with Maryland.

Prior to World War 1, Russia was almost the only producer of platinum, according to the Encyclopedia Britannica.

The plaineiff alleges general indignities and asks the care and one minor child. Attorney for the plaintiff is William F. Brown.

Fires In The City

A carelesly tossed cigarette set fire to an awning on the Terry Hotel and caused a run by the fire companies at 12:28 p. m. Thuprsday. Damage of about $10 resulted.

While at the Terry Hotel an alarm was received at 12:32 p. m. to 900 South Missouri, residence of W. D. Wilson, where burning trash had caused some excitement. No damage resulted.

Truce Reached to Let Ike Speech Be Aired

ST. LOUIS (AP)—A truce between two AFL unions in a jurisdictional dispute will permit the radio broadcast of Gen. Dwight D. Eisenhower's political speech here Saturday night.

The International Alliance of Theatrical Stage Employes and the Brotherhood of Electrical Workers are in dispute over who should set up facilities for broadcasts and telecasts from Kiel Auditorium here.

Auditorium Manager L. J. Gualdoni suspended all television and radio programs until the National Labor Relations Board decides the jurisdictional question.

Today the stagehands agreed to make an exception for the Republican presidential nominee's speech and let the electricians operate the radio facilities Saturday night with the understanding it will not establish a precedent.

Arrest Counterfeiters

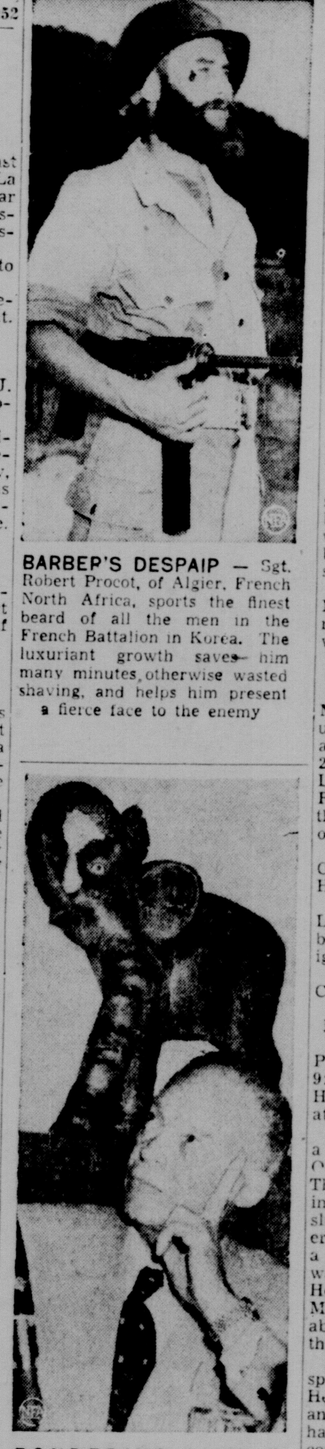

TOKYO (AP)—Seven Japanese were arrested in Osaka on charges of counterfeiting $70,000 worth of .S. military certificates, Kyodo News Agency reported today.

Calhoun Soldier Returns From Duty In Far East

SEATTLE, Washington —(AP)— The navy transport Gen. R. L. Howze arrived from the Far East Wednesday with 2,660 rotating veterans, 69 of them from Missouri.

The list includes Cpl. Thomas P. Chipman, Calhoun.

BARBER'S DESPAIP — Sgt. Robert Procot, of Algier, French North Africa, sports the finest beard of all the men in the French Battalion in Korea. The luxuriant growth saves him many minutes otherwise wasted shaving, and helps him present a fierce face to the enemy

PONDERING—Dwight D. Eisenhower seems to be wondering if the GOP elephant in the background can give him a tip on how the election will turn out. Actually, the Republican presidential candidate was attentively listening to Sen. Richard Nixon, his running mate, give a talk in Washington.

Bats Have Cooling System

LOS ANGELES (AP) — To operate efficiently certain bats have to "warm up their motors" like automobiles, says a University of California zoology professor.

Dr. Raymond B. Cowles, who has been studying bats from California mountains, says bats are sensitive to cold and become lethargic in temperatures well above freezing. By shivering — idling their motors so to speak — they are able to raise body temperatures to a level sufficient for locomotion.

To keep from overheating, bats employ a mechanism very similar to a car radiator, he says. The cooling device is in the wings. Blood from other parts of the body moves into a vast network of small blood vessels in the wings, allowing a great amount of heat to be conducted from wing membranes to the air in a short time.

The Gota canal, 115 miles long, is the longest in the world, with the Suez, 100 miles in length, ranking second.

A tighter feeling in the steering assembly of an automobile may be an indication that the front brakes are dragging.

FBI Used Pastor's Study To Keep Watch on Commies

ST. LOUIS (AP)—FBI agents used a pastor's study here to keep a watch on two of the 18 Communists arrested in various parts of the nation yesterday on charges of conspiring to overthrow the government.

The Rev. Kenneth Murphy said the FBI agents, using binoculars, used his study in the Compton Hill Congregational Church for their two-week, day-and-night vigil about a year ago.

A window of the study overlooks a house on Lafayette avenue in which James F. Forest and his wife, Dorothy Rose Forest, lived at that time.

Forest was described as state chairman of the Communist party by the FBI, which said both he and his wife long had been active in Communist affairs here.

With their powerful binoculars, the FBI agents were able to identify persons entering and leaving the house. They also kept a check on the movements of the Forests.

The FBI here would not comment on the incident.

Forest, whose bond was set at $40,000, and his wife, whose bond was fixed at $25,000, are being held in the city jail here. Forest told newsmen he thought it significant that the arrests came 'during an election period."

As to the charges, he said: "There is absolutely no basis for it. Its' fantastic. It is the old, old method of forcing critics who oppose the government on basic principles to keep quiet."

Two others described as leaders of the Communist party in Missouri were arrested. They are William Senther, a labor leader who was seized at his hotel room in Rock Island, Ill., and Marcus A. Murphy, a negro arrested at his home in Charleston, Mo.

OBITUARIES

Richard G. Brown Services

Funeral services for Richard G. Brown, 606 South Grand, who died unexpectedly Wednesday morning of a heart attack at his home, will be held at 10:30 a. m. Friday at the Gillespie Funeral Home. The Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, will officiate.

"Abide With Me" and "The Lord's Prayer" will be sung by Russell Maag, staft soloist, with Miss Lillian Fox accompanist.

Following the services, the body and funeral cortege will be taken by the Gillespie funeral service to Topeka, Kan. Burial will be in Mt. Hope Cemetery.

The body will remain at the funeral home until after the services.

Mr. Brown, besides being a salesman for Proctor and Gamble for two years, was a partner with Robert E. Sparks in the Spabro miniature golf course on south highway 65.

Parents of Mrs. Brown, Mr. and Mrs. John H. Jones, Topeka, arrived Wednesday morning to be with their daughter.

Funeral of J. M. McCormick

Funeral services for James Marcellus McCormick, who died unexpectedly Monday in his room at the Milner Hotel, were held at 2 p. m. Thursday at the McLaughlin Funeral Chapel, the Rev. Lee F. Soxman, pastor of the Fifth Street Methodist Church officiating.

Mrs. C. D. Demand and Mrs. Charles Maggard sang "Under His Wing" and "Rock of Ages."

Pallbearers were Paul Meyers, Leonard Sigman, Charles Fieback, Ted Welliver, William Seigel and George Graham.

Burial was in Memorial Park Cemetery.

Hinton Parker

Hinton Parker, 48, 705 West Pettis, died unexpectedly about 9:45 a. m. Thursday at Sedalia Hospital No. 2, following a heart attack.

Parker had gone to his work as a mechanic at the Thompson-O'Connor Chevrolet-Buick Co., Thursday morning and was working on a car when he suddenly slumped to the floor in what other mechanics nearby thought was a faint. The Ewing ambulance was called and he was rushed to Hospital No. 2, where Dr. A. R. Maddox treated him. He died about 30 minutes after reaching the hospital.

He was born in Sedalia and spent most of his life in Sedalia. He attended Lincoln grade school and Hubbard High School. He had been employed by the motor company since 1934.

Surviving are: his mother, Mrs. Hester Parker, 705 West Pettis; three sisters, Mrs. Lemmer McClever of Sedalia, Mrs. Cora Lee Fry and Mis. Margaret Park of Kansas City; three aunts, Mrs. Clara Sayles of Sedalia, Mrs. Mary Salisbury, Huntsville, and Mrs. Alcester Buckner of Sedalia; and a number of nieces and nephews. A daughter, Maxine Parker and two grandchildren of Kansas City, also survive.

His father and three sisters preceded him in death several years ago.

The body is at the Alexander Funeral Home. Funeral arrangements are incomplete.

Nathan Baylor

Funeral services for Nathan Baylor, who died Wednesday at the home of his sister, Mrs. Lucinda Hawkins, 217 East Pettis, will be held Friday at the Foursquare Gospel Church with the Rev. A. C. Hayden officiating.

Pallbearers will be: John Buckner, John Walker, Arthur Jackson, Harrison Morris, Raymond and Walker Murphy.

The body will remain at the Alexander Funeral Home until the hour of the service.

Guided Missiles Launched 1st Time

(Continued from Page 1)

borne guide plane takes over and directs the missile to the area of its target.

4. By the time the missile goes into its payoff dive, the guide plane is miles away out of anti-aircraft fire.

5. All during its flight, from the carrier deck to the target, the missile records its progress via telecast in a specially equipped electronics room aboard the ship.

The Navy announcement said the Boxer has been using an AD2 Skyraider (Douglas attack plane) as the guide craft in its first such attacks.

The first operational team—five officers and seven enlisted men headed by Lt. Comdr. Lawrence A. Kurtz of Washington, D. C.—is Guided Missile Unit No. 90. The unit trained at the Naval Air Development Center, Johnsville, Pa.

The Navy would neither identify the targets nor assess the damage inflicted.

Watch It on TV Screen

Waters was struck with the way electronics experts aboard the carrier 'rode with the missile, mile by mile, through wondrous electronic instruments."

On the television screen, he said, the men crossed the Sea of Japan and watched the jagged peaks of Korea loom larger. He said tension in the room mounted as the target neared.

Then the target—"an enemy concentration in a valley between two shadowy hills." And then:

". . . The instruments suddenly went blank. The screaming dive had ended, squarely on target, and the missile had crashed to oblivion."

The heavily censored description of the new missile shows it to be apparently as far a cry from other guided missiles now in use.

St. Louis Livestock

NATIONAL STOCKYARDS, Ill., (AP)—(USDA)—The sale of some 200 tons of prime beef on the hoof by 330 farm boys and girls from Missouri and Illinois featured the annual 4-H club beef marketing program here today.

The 425 fat steers competed with commercial feeders on the open market. It was the largest junior beef sale of the year here and exceeded the 338 beeves in the 1951 4-H event.

Estimated return on the fat steers today was in excess of 140 thousand dollars. There were 210 boys and 120 girls from 46 counties in the two states participating.

The sale was approved by the Office of Price Stabilization, making the beeves exempt from price ceilings and enabling non-slaughtering buyers to have them slaughtered as "club livestock."

NATIONAL STOCKYARDS, Ill., (AP) — (USDA)-Hogs 8,500; trade active; barrows and gilts 190 lbs up mostly 35 higher except highly spotted on strong weights and heavy hogs, some of which 50 or more higher; weights 180 lbs down 50 to 75 higher; sows 25 to 50 higher; no change stags or boars; bulk choice 200-230 lbs unsorted for grade 19.75-20.00; liberal percentage 19.85-90; 180-190 lbs 19.-75; 24-27 lbs 18.85-19.75; few 28-325 lbs 18.00-19.00; 150-170 lbs 17.00; 400 lbs up 15.25-16.75; stags 13.00-15.00; boars 12.00-15.50; good early clearance.

Cattle 2,000, calves 1,200; slaughter steers slow; few opening sales about steady; cows active, fully steady to strong; bulls and vealers unchanged; few choice steers 31.00-32.75; commercial to high good steers and heifers 23.00-29.00; few utility and low commercial heifers 18.00-22.00; utility and commercial cows largely 16.00-18.00; few 18.50; canner and cutter cow 12.00-16.00; utility and commercial bulls 16.00-20.00; cutter bulls 13.00-15.50; most good and choice vealers 26.00-32.00; few head prime to 34.00; utility and commercial vealers 18.00-25.00.

Sheep 1,500; spring lambs mostly 25 to 50 lower, extremes more; trade dull on all but choice and prime; top 26.50 sparingly; practical top 26.00; bulk choice and prime 25.00-26.00; liberal sprinkling mixed good and choice 23.00-25.00; aged sheep steady; cull to good slaughter ewes 4.50-6.50.

Chicago Produce

CHICAGO (AP) — Butter barely steady; receipts 246,377; wholesale buying prices unchanged; 93 score AA 72.5; 92 A 71.5; 90 B 68.5; 89 C 67.75; cars: 90 B 70; 89 C 68.5.

Eggs irregular; receipts 7,536; wholesale buying prices unchanged to three cents a dozen lower; U. S. large 54-56; U. S. mediums 43; U. S. standards 36-40; current receipts 35; dirties 32; checks 29.

St. Louis Produce and Poultry

m46 eceu vyyx xz1057acs 18

HANGING AROUND — Every day, during the shooting of Mari Blanchard's current picture in Hollywood, she gets "hanged." It's on account of her 14-pound jeweled headdress. She can't doff it between scenes, because it takes too much time to re-adjust on her head. So studio carpenters built the "gallows" seen above to take the weight of the heavy tiara off her head while she waits for a call to the set.

Let FLOWERS Tell the Depth of Your Regard

No Warm Up For Football This Season

NEW YORK (AP) — Football crashes the sports pages this week with a speeded-up program that lists a half-dozen conference games and intersectional contests which would have been mid-November attractions five years ago.

As a result, football forecasters are on the spot at the very start. There is no warmup period of picking breathers. Here's how the major games should come out this weekend:

Southern California over Washington State: State's surprising sophomores of last year are experienced now and the Trojans have just completed the shift back, to the single wing. A weak nod to Southern California in the Friday night affair.

Texas Christian over Kansas: This is the game you can see on your TV set Saturday afternoon. The Texans are the defending champions in the Southwest Conference and Kansas is rated one of the Big Seven's best.

Maryland over Missouri: The split-T attack was invented by Coach Don Faurot of Missouri. Now his squad will be devoured by the system's most noted disciple.

Georgia over Vanderbilt: Vanderbilt reported having quarterback problems.

Texas over Louisiana State: The pre-season dope lists Texas among the "haves" and LSU among the "have nots" this year. A Saturday night game.

Kentucky over Villanova: A squeaker that could go either way but Kentucky's sophomores are the pick Saturday night.

Duke over Washington and Lee: Duke's roster lists an even two dozen returning lettermen. That's too much experience for the generals.

Skipping over the others in a hurry:

Friday Night

Denver over Colorado College, Alabama over Mississippi Southern, Furman over Newberry.

Saturday

East: Syracuse over Bolling Air Force Base, Yale over Connecticut, Penn State over Temple.

South: Clemson over Presbyterian, Richmond over Randolph-Macon, Florida over Stetson, Georgia Tech over The Citadel, Virginia Tech over Daidson, South Carolina over Wofford, Virginia Military over William & Mary.

Midwest: Kansas State over Bradley, Boston University over Wichita, Nebraska over South Dakota, Iowa State over South Dakota State.

Souhwest: Arkansas over Oklahoma A & M, Houston over Texas A & M, Baylor over Wake Forest.

Far West: California over College of Pacific, Washington over Idaho, UCLA over Oregon, Utah over Oregon State, Stanford over Santa Clara, Montana over Utah State, Arizona over Hawaii.

Chuck Davey Outclasses 'Rock' to Win

CHICAGO (AP) — Rocky Graziano demonstrated last night that he still has great powers.

He personally took charge of air conditioning Chicago Stadium.

The wind he stirred up missing Chuck Davey was from wild swings born of desperation.

Rocky was completely outclassed, a spectacle of bewilderment, like a bull skewered by a matador but still pawing the ground in a blind rage.

The phantom-like Davey piled up a tremendously lopsided victory to continue unbeaten through 37 fights since turning pro after graduating from Michigan State. Graziano weighed 518, Davey 150¼.

Through 10 rounds, welterweight Davey sawed into Graziano, the ex-middleweight champion, with left hooks to the body and face and a jabbing, cuffing right. At the end, the sensational southpaw was awarded a 61-39 edge on points by Judge Edward Klein, 58-42 by Judge Harold Marovitz and 56-44 by Referee Frank Sikora.

Seldom has a major fight that lasted the distance been won so unanimously. Only Sikora gave Rocky a single round, scoring the last in his favor 6-4.

The nationally - televised and broadcast bout drew a ringside crowd of 11,970 that paid a gross of $83,630. The net was $64,331 of which Graziano received 30 per cent and Davey 22½. Television receipts for each fighter was kept a secret.

Davey is now in line for a crack at the welterweight title.

The date, depending on the outcome of Champion Kid Gavilan's title match with Billy Graham in Havana, Cuba., Oct. 4, is tentatively set for February. It probably will be in Davey's home town of Detroit.

It is unlikely that Kid Phantom, who holds a masters degree in education and is rapidly becoming one of the nations' most eligible bachelors, will have another fight before the big one.

Indians' Three 20-Game Winners Tie Old Record

CLEVELAND (AP) — With Bob Lemon back in the 20-victory circle for the fourth time, the Cleveland Indians are the second team in American League history to have a trio of 20 game winners two years in a row.

And for the second season in a row, the Tribe appears doomed to finish as runner-up into the New York Yankees, who haven't a 20-game winner yet, but who hold a 2½ game lead.

Lemon' 6-1 triumph over Washington yesterday enabled him to reach the 20 mark, which his teammates, Mike Garcia and Earlyn Wynn, already have passed by one.

Only once before in 52 years of league play has a club had three 20-game winners in two consecutive years. The Boston Red Sox did it in 1903-04 and won the pennant both times.

Lemon, who will be 32 next Monday, has won 102 games in the past five seasons—a total that makes him baseball's winningest pitcher for the period. He leads the league in competed games with 26, and of his 11 losses, six were by one-run margins. In three of these close ones, the Indians failed to score more than one run for the ruddy righthander.

Raffensburger Serves His 17th Gopher Ball

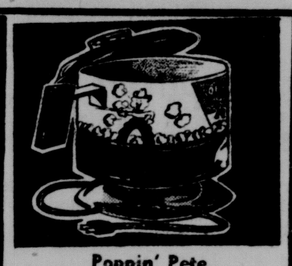

PHILADELPHIA (AP) — Stan Lopata's two-run homer off Cincinnatis' Ken Raffensberger last night was the 17th gopher ball served up by the veteran hurler this season. The Phils' catcher connected in the fourth inning. Oddly, all of Raffy's gophers have been hit by righthanded batters.

Caterpillars stop trains in Australia. Great armies of them crawl on the rails and cause the locomotive's wheels to slip.

Hot Weather Melting Fat Off Tigers

Coach Ralph "Stub" Dow put his crying towel on the hook Wednesday when his second string quarterback Carl Miller reported back for practice. Miller, it was learned, was too young for the U. S. Forces and he was turned down until a later date.

Miller, the first of the week, enlisted and took his examination. He was all prepared to receive his call when it was noted his age was against him for service at this time. The up-and-coming football player lost no time in getting back his football togs and reporting for practice.

Meet Kemper Friday

Friday night the Tigers go up against the Kemper Yellow Jackets in the first conference game of the CMC and it will be played on the Liberty Park gridiron. Game time has been called for 8 p. m.

Always in the past the Yellow Jackets have been easy prey for the Tigers. In 1951 it was a 24-0 victory for Sedalia — but it may be different this year.

Kemper is boasting the return of five regular lettermen and several "B" team letter players for this year. The five who have returned are considered very good and should "dish out" plenty of headaches for the Dow Tigermen.

Little is known of the Kemper strength other than what was gained from last season. They have played no games to date in the 1952 season and little information has leaked out of their training camp as to what can be expected.

"Just Plugging Along"

"We are just plugging along in the daily grind," says Dow. "Actually it has been too hot to do too hard work of scrimmaging. The big boys are not in full condition while the little fellows' are in better shape. However, we are keeping up to par and should be ready to give Kemper a real fight for the first conference tilt," Dow concluded.

The Tiger coaching staff agrees the hot weather is melting away some of the excess fat from the boys which was added during the summer months and helping, to a certain extent, in getting the boys hardened up.

Coach Dow Tells Lions About Tigers

Coach Ralph "Stub" Dow was the noonday speaker at the Sedalia Lions Club Wednesday, discussing the Smith-Cotton Tiger football team. Dow told of building the team, starting Aug. 25, and through its first game last week when the Tigers defeated the Owls 24 to 6 at Marshall.

He explained he had one regular letterman back, Earl Nold, of having eleven B-team lettermen who played in several of the varsity games in 1951. He explained the game with the Marshall High School and how his players worked hard to win and did make a few honest mistakes, which they have been working to correct the past several days in practice.

Dow pointed out that his team is much heavier this season than in several past years. The team tips the scales on an average of about 175 pounds. "This compares with my first team at Smith-Cotton, eight years ago, when the team average weight was only 148 pounds.

He paid tribute to his opposition for this season and pointed to Columbia's Hickman High School Kewpies as one of the outstanding teams in the Central Missouri Conference. "Columbia has a great team and a fine coach. They will be hard to beat this year as they have many of their regulars back from last season.

"Jefferson City also has a good team, with the Jays having a number of lettermen back. They will be tough with this little Walz back as their leader," he said.

In closing his talk, Coach Dow paid tribute to his football players, by saying: "Every one of my boys is a gentleman, both on the gridiron and off. They play good, clean football and I fight against their learning any of that 'old stuff' of rough and dirty tactics. I want my boys to be men and leaders. I want their actions, when they leave school, to reflect back on the training they received when they played football at Smith-Cotton. I will tell you," he said, "that every one of my football players is beyond reproach when it comes to being a man and a leader."

The speaker was introduced by C. A. Phillips, program chairman.

The meeting was presided over by D. Kelly Scruton, vice president.

Jim Langridge was appointed chairman for the annual Lions Club Pet Show which is scheduled for Sunday afternoon, Oct. 5, at Liberty Park. Complete arrangements for the show will be announced next week.

Ed Brown was appointed general chairman of the annual Hallowe'en Party for the children of Sedalia and Pettis County to be held on Friday night, Oct. 31. Extensive arrangements are being planned for a big night to give Sedalia a gala affair in the downtown area.

Rosen One of Tribe's Mainstays In Race

CLEVELAND (AP) — Al Rosen is one of the main reasons the Indians still have a chance in the American flag chase. The husky third baseman has collected 13 hits in his last 34 at bats—a .382 pace—including two bingles against Washington yesterday. His current average is .303, seventh best in the American League.

Grid Pix

Democrat Newsmen Pick Grid Winners

The Democrat-Capital newsmen are all batting .500 for the season in picking football winners. Each last week hit right twice and missed twice. Now, with the season well underway, they are giving selections on 20 games per week.

Leo's Gamble Looms Bigger As Mistake

By ORLO ROBERTSON
AP Sports Writer

Leo Durocher's losing gamble loomed larger and larger today with his New York Giants trailing the pace-setting Brooklyn Dodgers by three games in the National League and time rapidly running out.

The Giants closed in on the Dodgers yesterday as big Jim Hearn shut out the Chicago Cubs, 2-0, while the Brooks were dropping a 4-1 decision to the cellar dwelling Pittsburgh Pirates.

But the second guessers are saying the Brooklyn lead might well be only two games if Durocher had not chosen to throw an untried rookie, Jack Harshman, against the Cubs Tuesday.

"I just gambled and lost, that's all," was Durocher's retort.

With each team having nine games to play, the Dodgers need any combination of seven victories or Giant defeats to assure them of their first pennant since 1949.

In the American League the New York Yankees closed the door a little tighter on the Cleveland Indians.

Only 2½ games separate the pair today, following the Yanks 12-3 victory over the hapless Detroit Tigers and the Indians' 6-1 conquest of the Washington Senators. The Tribe has only eight games left. The Yanks play nine more.

The four pennant contenders, along with the other clubs, rest today before plunging into the final 10 days of the season.

Hearn threw a five-hitter yesterday at the Cubs, struck out four and walked three to record his first shutout in three years.

Veteran Howie Pollet hurled six shutout innings for Pittsburgh against the Dodgers. He was relieved by Murry Dickson in the ninth after Gil Hodges had opened the frame with a single.

The Yankees racked up their sixth straight while dooming the Tigers to last place for the first time in their 52-year American League history. Ray Scarborough and Bob Kuzava held the Tigers in check while the Champs were pounding out 11 hits.

The Indians backed Bob Lemon with nine hits for his 20th victory in the triumph over the Senators.

In the only other games played the St. Louis Browns rapped out 16 hits to beat the Red Sox, 10-4, and the Phillies downed the Cincinnati Reds, 7-4.

Reece Alexander Wins Missouri Open Golf Title

ST. LOUIS (AP)—Gaining the lead after the second round, little Reece Alexander of St. Louis held on the rest of the way to wrap up the $1,500 Missouri open golf tournament championship yesterday with a six-under-par 210 for the 94 holes.

A five-under-par 67 on the second round, two above the record for the Lakeside course, put the 5-foot-4 Alexander into the lead and helped him pocket the $400 first prize.

Leonard Dodson, unattached Kansas City professional and Ed Furgol of St. Louis tied for second two strokes behind Alexander.

Fourth place was won by Duke Gibson of Kansas City, who carded a 217. Gene Webb, host pro, was fifth with 218.

St. Louisan Ed Ervasti was the low amateur with 218.

Don Blankenship Plays With Vikes Of Mo. Valley

After two weeks of hard practice, Volney C. Ashford, coach of the Missouri Valley College Vikings, has a squad rounding into shape for the first game Friday night with the Kirksville Teachers College Bulldogs.

The Vikings suffered a 20-14 loss to a strong Hasting (Nebr.) College team last Saturday night, largely due to "errors of judgment", but the team looked good and Coach Ashford and his assistants, Warren Harris, former backfield star and pro-player, and Ferb McKinney, little All-American, feel that there are prospects for a rather outstanding team before the season ends. The team has 14 lettermen back, but there was a severe loss in graduation and men going to the service. The ranks of these will have to be plugged with freshmen.

Among the new promising new men is Don Blankenship of Sedalia. His line play in practices has been sharp and his aggressive spirit assures him of action Friday night. Among the other new men are Clarke Wing, star of the Boonville High School last year, and Tom McAllister, star back for Wentworth Military Academy on its championship team.

The game Friday night is called for eight o'clock. The following is the Viking home schedule: Sept 19, Kirksville; Oct. 3, Central College of Pella, Iowa; Oct. 10, Central College of Fayette; Oct. 18, Olathe Air Base (Homecoming game); Oct. 31, Tarkio College.

The Vikings play Ottawa University, Culver Stockton College, William Jewell and California Poly, San Louis Obispo, in games away from home.

Brownies' Win Makes St. Louis Look to Laurels

By The Associated Press

ST. LOUIS, the Mississippi River town that calls itself "the 49th state" and a red-hot baseball center had better look to its laurals.

Admittedly the baseball fans of St. Louis have little to shout about this year what with the Cardinals in third place in the National League and the Browns in seventh in the American. But Wednesday's Brownie performance—a strangely powerful one — went almost unnoticed.

There were but 1,250 customers in the stands as the Browns slugged the Boston Red Sox for 16 hits and a 10-4 triumph.

It was the smallest "crowd" of the year and the first time the Browns' home attendance has fallen below 3,000 this season.

Bob Nieman and Jim Dyck led the Browns at the plate with three hits apiece. Nieman drove in four runs with a home run and a double to support of Bobby Cain, who won his 11th decision against nine defeats.

Ivan Delock was the loser, giving up five runs in the fifth after relieving ex-outfielder George Schmees, who started on the mound and allowed four hits good for two runs.

The St. Louis Cardinals, idle yesterday, are idle again today before opening at Chicago tomorrow. The Browns are gameless until meeting Chicago's White Sox in a Saturday twi-niter.

Conservation Commission May Cut Quail Limits This Year

JEFFERSON CITY (AP)—It's no cinch but it is a pretty good bet that the state conservation commission will trim quail limits for this year's hunting season.

The commission is scheduled to meet here Sept. 24 to settle the dates and limits for the 1952 quail hunting season. A reliable source has predicted the daily and possession limit of long standing will be cut from ten to eight.

That means the scattergun hunters can kill no more than eight birds a day per man. And no hunter can have more than one day's limit in his possession.

It appeared unlikely at this point, a week before the commission's meeting, that the hunting dates for Missouri's leading feathered game would be changed. The quail season usually opens Nov. 10 and closes Dec. 31.

The principal reason for the expected reduction in quail limits has been the big increase in hunting pressure.

Conservation experts have estimated Missouri now has some 80,000 died-in-the-wool bobwhite hunters—men and women who keep their shooting irons in good shape just for the quail season, sportsmen who don't exactly sneer at racoon and rabbit hunters. They just don't even think about such folk.

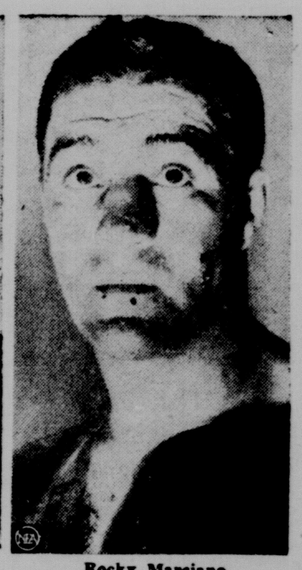

Then there are some 100,000 more hunters who just like to shoot and are willing to pop away at any game that's in season. That means a lot more hunters are in the field during the fall season now than there were a few years back.

The commission announced yesterday that the quail crop this year wasn't up to snuff, either. A late spring which almost overnight became a dry June and July and then a pretty wet August didn't produce the best of nesting seasons for the little bobwhite.

Jersey Joe Walcott

Rocky Marciano

Jersey Joe Feels Prepared To Meet Marciano Tuesday

ATLANTIC CITY, N. N. (AP)—Return bout contract or no, Jersey Joe Walcott calmly goes about the work of preparing for his heavyweight title defense Tuesday at Philadelphia, against rugged Rocky Marciano.

"I leave those business details to my manager," said the 38-year-old champ. "If he (Felix Bocchicchio) says 'Fight' okay. If he says 'No' then we don't. I do think we're entitled to a return as consideration for being champion."

Despite reports that Jersey Joe has made disparaging remarks about the young challenger, Walcott labeled Marciano "A good rough puncher with a rough and tumble style."

"I fought that kind of fighter a lot of times," he said. "Fellows like Tommy Gomez, Elmer Ray, Curtis Sheppard and Omelio Agramonte.

"Any fight is a tough job until it's over. I'm in shape for 15 rounds. And I know I can go that far. I just went 15 in June, I can't understand why they say I won't be able to go that far."

Jersey Joe is a little touchy on comparisons between his two losing fights with Joe Louis and Marciano's knockout of the Brown Bomber.

"The Louis that fought Marciano was a different man," he said. "He was slower. His coordination was gone. Marciano was fighting just the name."

Yankees Swing Along; Knock Tigers to Cellar

DETROIT (AP) — The New York Yankee's pennant bound express roared on its way today after a two day whistlestop here which doomed the Detroit Tigers to their first American League cellar finish.

The Tigers who previously have finished no lower than seventh, saw their last chance of escaping the cellar fade yesterday as Casey Stengels' crew took a 12-3 win from Virgil "Double No-Hit" Trucks and the Bengal relief hurler.

The loss left the Tigers ten games behind the seventh place St. Louis Browns. Both teams have nine games left on the 1952 schedule.

The one sided win, aided by sloppy fielding and play on the part of the Bengals, left New York 2½ games ahead of the Cleveland Indians who downed Washington 6-1.

In 52 years of American League competition, the Tigers have finished seventh five times; sixth, seven times, and fifth nine times.

The Bengals have been in the first division 30 times and American League pennant winners, 7 times.

Yesterdays' loss also added to the club's record of being the losingest Tiger team in history. Their present record of 49 wins and 96 losses leaves them below the previous Tiger low record of 61 wins and 92 losses held by the 1920 and 1931 squads, both of which finished seventh.

Tatum Learned T from Faurot, Now Tries to Beat Him Again

By SKIPPER PATRICK

COLUMBIA, Mo. (AP) — Don Faurot, inventor of split T football, and Jim Tatum, one of the system's most adapt tutors, square off as coaching opponents for the fourth time Saturday and Tatum is highly favored to have a four-time winner.

Tatum's Maryland Terps, rated as the nation's No. 2 team in the preseason Associated Press poll, meet Faurot's Missouri Tigers at Columbia, Mo., in one of the top early season games.

The broad shouldered Tatum got acquainted with split T football while assisting Faurot at Iowa preflight in 1943 and at Jacksonville (Fla.) Naval Station the following season. He had played single wing football under Carl Snavely at North Carolina, assisted Snavely at Cornell in 1936 and had a season as head coach at North Carolina before going into the Navy.

Tatum went to Oklahoma in 1946 where his Sooners beat Missouri 27-6 that season. His Maryland team licked the Tigers in the 1950 Gator Bowl, 20-7, and took them again, 35-0, last year.

"Jim Tatum is one of the finest coaches in the nation," Faurot said. "Don't let anyone kid you, I didn't teach Tatum how to coach football. He was a major league coach the day he joined my staff at Iowa pre-flight. Jim just happened to like my split T offensive and the record proves he's done a tremendous job with it."

Maryland is favored by about four touchdowns, but Faurot says he believes his Tigers will prove capable of making a "whale of a game" of it.

Missouri's personnel is improved over the 1951 squad that won only 2 of 10 games, poorest season on record for a Faurot-coached team. But the Tigers play Maryland, California and S. M. U., as well as Kansas State in the first full month and that's a killing schedule for a shallow squad.

Faurot plans to stick to his split T as much as possible, but makes no secret of also using a wide spread passing formation that proved a potent weapon late last season.

"Last year I didn't have a quarterback who had ever called plays in a varsity game," Faurot said. "This time my quarterbacks and other players are a year older and better equipped."

Jim Hook, a 170-pound senior from Lees Summit, Mo., will quarterback Missouri's split T plays. Tony Scardino, a sophomore passing marvel from Kansas City, is top lad in the passing spreads.

Faurot also expects a big boost in Bill Rowekamp, ex-Army defensive end, who is being used at offensive fullback. Nick Carras, back in harness after service in the Army, should help at right halfback.

The line won't be a killer by any means, but would be adequate for a lighter schedule.

"Our defensive team is too light for a major schedule," Faurot said, 'and I'm afraid we are a bit on the light side in the backfield. But the squad has been coming fast and we expect to do right well."

Missouri lost one of its best defensive hands yesterday when Don Rutter underwent an operation for appendicitis.

Marciano Has Developed Into Great Body Puncher to Win

By GAYLE TALBOT

GROSSINGER N. Y. (AP) — "I guess the thing I'm proudest of about Rocky Marciano," said Charlie Goldman, the little man who trains the challenger, "is the way he has developed into a great body puncher.

"You've got to realize that when I took him over he didn't know what a body punch was. In the first 10 fights I handled him he didn't throw a single one—and I mean not a single one.

"So I hired a sparring partner for Rocky, and for weeks I had him go in there and not punch once to the head. The earnest way he went about learning it was what first convinced me, I think, that I had a really great prospect on my hands.

"Now body punching is Rocky's best weapon. It's how he wears them down and sets them up for the finisher. It's how he compensates for his rather short arms. When he digs into a fighter's middle it really hurts, though it might not be obvious to the spectator.

"Another thing Rocky can do now with the best of them is feint. If Walcott tries feinting him next Tuesday night, you will see him get feinted right back. If Joe thinks he's going to make a sucker out of Rocky with that funny stuff of his, he's going to get a big surprise.

"Rocky right now is a much better boxer than a lot of people think. He'll never be a classic-looking fighter, but don't make the mistake of thinking he is awkward.

"Has he faced as good a boxer as Walcott? I would say yes. I think that Roland La Starza was as clever as Joe is, and Rocky decisioned him in 10 rounds. Since then he's made a hospital case of Lee Savold, and don't think that bird didn't learn something about boxing in 20 years in the ring.

"The big point is that there's no comparison between the Rocky who licked La Starza and the Rocky who will be in there with Walcott on Tuesday night. He has improved with every fight. Six months from now he will be a better fighter than he is now, because he's in there thinking every minute and trying to improve himself."

NOTICE TO CONTRACTORS

Sealed bids, or proposals, to Reorganized School District RI, Pettis County, Missouri, and endorsed "Proposals for Constructing School Building", will be received by the Secretary of said Board, Otto Heaper, La Monte, Missouri, R.R. No. 1, until eight P. M. on September 25th, 1952, and at that time all bids will be publicly opened by said board and read at the Elder Ridge School House in said district.

The proposed work consists, generally, of constructing a new school building and all proposals or bids are to include plumbing, electrical and heating requirements.

Plans and specifications may be obtained from D. R. Hollis, Architect, 7502 W. 80th reet, Overland Park, Kansas. A deposit of $10.00 shall be required from each bidder for such plans and specifications, which deposit will be refunded upon the return to said school district of the plans and specifications in good condition. The deposit shall be made payble to Reorganized School District, RI, Pettis County, Missouri, and sent to the Architect when plans and specifications are requested.

A bond or certified check amounting to 5% of the amount of the bid submitted must accompany the bids or proposal submitted by the contractor. Also a 100% completion bond will be required of the successful bidder.

The right is reserved to reject any and all bids.

Reorganized School District RI,
Pettis County, Missouri
C. A. Staples, President

I, the undersigned secretary of Reorganized School District RI, Pettis County, Missouri, certify that the foregoing was authorized by said district on the 27th day of August, 1952.

In Testimony Whereof, I have hereunto set my hand this 3rd day of September, 1952.

Otto Heaper, Secretary

ORDER OF PUBLICATION OF NOTICE

Circuit Court For The County of Pettis, State of Missouri

Juanita Voss ..... Plaintiff
vs.
Jack Voss ..... Defendant
No. 24674

Order of Publication Notice

The State of Missouri to defendant Jack Voss.

You are hereby notified that an action has been commenced against you in the Circuit Court for the County of Pettis, State or Missouri, the object and general nature of which is to dissolve the bonds of matrimony heretofore contracted between the plaintiff and defendant.

The names of all parties to said suit are stated above in the caption hereof and the name and address of the attorney for plaintiff is Harvey D. Dow, Kahn Building, Sedalia, Missouri.

You are further notified that, unless you file an answer or other pleading or shall otherwise appear and defend against the aforesaid petition within 45 days after the 4th day of September, 1952, judgment by default will be rendered against you.

It is ordered that a copy hereof be published according to law in the Sedalia Democrat, newspaper of general circulation published in the County of Pettis, State of Missouri.

A true copy from the record.

Witness my hand and the seal of the circuit court this 2nd day of Sept. 1952.

BRYAN HOWE,
(Seal) Circuit Clerk.
By LILLIAN RAGES BARRICK,
Deputy Clerk.

NOTICE OF PUBLIC HEARING ON REZONING APPLICATION

Whereas the Zoning Board of Adjustment and the City Council of Sedalia, Missouri, have received application from Otis V. Bear, Sedalia, Missouri, owner of the following described real estate:

Lot 7 and 22 feet 10 inches off the East side of Lot 8, Block 10 of Sarah E. Smith and Martha E. Martin's First Addition to the City of Sedalia, Missouri.

requesting that said real estate be changed and rezoned from:

Zone "G" to Zone "H". (Commercial to Business)

and that said application be acted upon as provided in Ordinance No. 3034; therefore, in compliance with Sections No. 7415 and 7416 R. S. Missouri, 1939, other applicable statutes, and said Zoning Ordinance No. 3034, said Zoning Board of Adjustment will meet in the Council Chamber, City Hall Building, Sedalia, Missouri, at 7:30 o'clock P. M. on Friday, October 3, 1952 for the purpose of a public hearing in relation to said application to change the zone and rezone said real estate, at which time and place parties in interest and citizens shall have an opportunity to be heard.

Dated at Sedalia, Missouri, this 2nd day of September A. D. 1952.

THE ZONING BOARD OF ADJUSTMENT
City of Sedalia, Missouri.
By J. ROSS KINDRED,
Chairman.
CITY OF SEDALIA, MISSOURI
By HERB S. STUDER,
Mayor.
Attest with the Seal of said City:
FRED HANDLEY,
(Seal) City Clerk.

Silk Production Hits High

TOKYO (AP) — Kyodo News Agency says raw silk production in Japan hit a new postwar high during July with 21,204 bales — 8,456 above June. Of that amount, 6,068 bales were exported.

STRICTLY MODERN

3 bedroom, 6 room house on lot 122 foot front by 112 foot. 1108 New England Drive. This property for sale for reason owner leaving city. First class condition. Well financed, can be handled with small amount of payment and will show same by appointment made with undersigned—see Frank Monroe, 219½ South Ohio, Phone 74.

FRECKLES AND HIS FR

Studious Family

COLUMPUS, O. (AP) — Dr. Israel Freedman, Steubenville, O., chiropodist, knows what it's like to have a studious family. His wife, daughter, son and his son's wife spent the summer furthering their respective educations at Ohio State University.

Elodee Freedman, 17, took courses in psychology and sociology as a special student. Mrs. Ann Freedman, wife of the doctor, worked on her doctor of philosophy degree in speech and hearing therapy. Son Joel Freedman, 23, began his third year in medical school. Joel's wife, Maria, 20, pursued her studies in psychology.

On week ends Dr. Freedman came to Columbus to visit his family.

Japanese TVA Planned

TOKYO (AP) — Japan is going to undertake a sort of Tennessee Valley project and will spend about 748 million dollars in harnessing hydroelectric power.

There will be 11 power units, each with its series of dams. They will stretch from Hokkaido, the northernmost home island, to Kyushu Island in the south.

The Electric Power Resources Development Corp. says a big corporation will be capitalized with the government controlling 99.5 per cent of the stock. The project will take about 10 years to complete.

For Ambulance Service Ph. 8

No Large Ones

Minnows do not grow to be large fish. The minnow is a distinct species of fish and one that is full grown attains a length of three to four inches, though specimens as long as seven inches have been reported.

Lost Origin

Corn never has been found in a wild state and its origin is a mystery. Evidence indicates that the plant from which it is derived now is extinct.

Who's Got The Button?

In normal years, 300 factories in the United States turn out about 10,000,000,000 buttons annually, or about 70 for each man, woman, and child in the country.

Prediction Proved

Edmund Halley achieved his greatest fame 16 years after his death. He predicted the return of the "Halley" comet for the year 1758, and his prediction was verified and the fact established that certain comets return periodically, but Halley died in 1742.

Fourth of Series on Editors' Opinions---

With Many Yet Undecided, Areas Of Midwest Appear to Lean GOP

Editor's note: This is the fourth of a series of five stories on the political situation as of now, as seen by newspaper editors and political writers in all 48 states.

NEW YORK (AP)—Key Midwestern battleground states are considered by editors on the scene to be half certain, half doubtful, but largely inclined to go Republican at this stage of the 1952 election campaign.

Large numbers of voters still are regarded as undecided between Democrat Adlai Stevenson and Republican Dwight Eisenhower for president. And editors and political writers participating in Associated Press surveys provide all sorts of cross-current estimates as to which way the vital farm vote might go.

This bloc of a dozen states—North and South Dakota, Nebraska, Kansas, Missouri, Iowa, Minnesota, Wisconsin, Illinois, Indiana, Michigan, and Ohio — has been given a major share of the responsibility for the surprise victory President Truman chalked up in the 1948 election. So these states, with 153 electoral votes, are sure to hear some heavy political cannonading as the rival parties fight it out between now and the Nov. 4 balloting.

Four years ago, six of the 12 states went Democratic, some of them by hair-line margins. This year, as newsmen see it, the Democrats could be reasonably sure only of Truman's home state of Missouri if the election were held today. Among the doubtful states, they believe only Illinois is teetering toward its own Gov. Stevenson.

The consensus of newsmen is that four bed-rock Republican states-North and South Dakota, Nebraska and Kansas-will stay Republican. They figure that Iowa, which was Democratic in a stunning upset in the 1948 presidential election, will return to the Republican fold.

Except in the Roosevelt landslides of 1932 and 1936, the Dakotas, Nebraska and Kansas have been solidly Republican for 32 years or more.

Wisconsin, Democratic four years ago, is rated such a political puzzle that no pronounced slant either toward Stevenson or Eisenhower is apparent at this time.

That leaves Minnesota, Indiana, Michigan, and Ohio on the doubtful list.

The political almanacs of the editors indicate all four are leaning Republican, but by exceedingly slight edges in Minnesota and Michigan.

The reasons underlying what Midwestern newsmen regard as evidence of a trend-of-the-moment toward the GOP largely are those heard in other regions. They say people are talking about: (1) a clean up and a clean out in Washington, (2) time for a change, (3) high taxes, (4) inflation, and (5) Eisenhower's personal popularity.

But in the midwest, the editors say it still is too early to tell what will happen in many states in November because of such factors as:

1. A wariness, in traditionally isolationist areas, of Eisenhower's military background. Editors mention that especially in North Dakota, Nebraska and Wisconson.

2. Wide disagreement as to where the farm vote will wind up eventually, in states like north Dakota, Minnesota, Wisconsin and Missouri.

3. Continued resentment at spots in Nebraska, Indiana, Illinois, and Wisconsin that Eisenhower, rather than Sen. Robert A. Taft of Ohio, won the Republican presidential nomination. Editors who said they found this resentment had made their surveys before the Eisenhower-Taft harmony meeting in New York last week.

In tabular form, with comparisons with 1948 thrown in, the estimates turn out like this:

Electoral Vote	1948	Estimate for 1952
N.D.	4 Rep.	by 19,000 Rep.
S.D.	4 Repb.	by 12,000 Rep.
Neb.	6 Rep.	by 40,000 Rep.
Kan.	8 Rep.	by 71,000 Rep.
Ia.	10 Dem.	by 28,000 Rep.
Mo.	13 Dem.	by 262,000 Dem
Minn.	11 Dem.	by 209,000 DR
Ind.	13 Rep.	by 14,000 DR
Mich.	20 Rep.	by 35,000 DR
Ohio	25 Dem.	by 7,000 DR
Ill.	27 Dem.	by 33,000 DD
Wis.	12 Dem.	by 56,000 R

DR—Doubtful, leaning Rep.
DR—Doubtful, leaning Rep.
DD—Doubtful, leaning Dem.
X—Too doubtful to tell.

Bus-Truck Collision Kills 2, Injures 28

SOMERSET, Pa. (AP)—Collision of a freyhound bus and a big tractor-trailer truck today on the Pennsylvania turnpike killed two women and injured at least 28 other persons.

The two lumbering vehicles, both east-bound, collided in pre-dawn fog about six miles east of the Donegal interchange. The two dead victims were not immediately identified.

State police said the women were occupying the front seat on the right hand side of the bus. The impact of the collision crumpled that side of the bus.

Opium-Cure Course Offered

SINGAPORE (AP) — More than 100 of Singapore's thousands of Chinese opium addicts will soon embark on a course of treatment aimed at curing them of opium-smoking.

The course, introduced by Buddhist priest, includes praying, fasting, physical exercises and sleeping in the open. More than 1,000 addicts are claimed to have been cured by the methods.

Singapore police recently began a wave of raids on colony opium dens. Many Chinese have been arrested and fined or sent to prison.

'Early Birds' Seek Tickets

TULSA, Okla. (AP) — Five high school seniors have their minds on next spring. They recently had an all - night vigil in front of the school ticket office to buy the first low-number budget tickets for titling them to choice tickets for the "Central Daze," all-school show next year.

The youths showed up with two alarm clocks, pillows, a sleeping bag, blankets, a lunch, portable radio and cigarettes.

Best watchdogs are said to be those with upright ears, which seem ready to pick up the slightest sound.

State Fair Riders To Participate In Several Events

The State Fair Saddle Club of Sedalia held its regular monthly meeting Monday night, Sept. 15, in the assembly room of the courthouse at which time a number of coming events were discussed.

An announcement was made that the Sedalia club had been invited by Otterville to participate in their home-town rodeo at 1 p. m. Sept. 21, when the clubs have a drill together. Anyone, with his or her horse, will be admitted free.

A picnic will be held on Sept. 28, according to a report by the chuck wagon committee. All wishing to ride their horses are asked to be at the MKT stockyards at 10 a. m. and the picnic will be held at the home of Mr. and Mrs. Raymond Chancy. Each family will take a meat dish, a covered dish and sweetened tea. The route to be taken to the Chancy farm as yet has not been planned.

On Oct. 12 all saddle clubs in Missouri will present a horse show in the coliseum at the Missouri Fair grounds.

Ringen Bushy 4-H Has Local Achievement Day

Ringen Bushy 4-H Club had local achievement day Sept. 10 at the school. Many articles of clothing, home service and home furnishings were diplayed. Also grain grown by the field corps boys was display.

Linda Demand and Glenda Teter played a duet and Phyllis Schleusing sang a solo.

Bob Mullins, Henry Mullins and George Schutter joined the club.

Refreshments were served by Mrs. Harold Eichholz and Mrs. Leo Hoehns.

A wiener roast will be held Oct. 8 at the school house.

Among the metals, silver is the best conductor of electricity.

35th Division Gets Excellent Camp Rating

The famous 35th division of the national guard got a good report card from 5th army headquarters this week. The unit includes the Sedalia guardsmen.

Maj. Gen. A. D. Sheppard, Missouri's adjutant general, received notice that Missouri units of the division won their "highest overall performance rating" in tests given during the recent two-week summer encampment at Camp Ripley, Minn.

All Missouri units were rated at 32.22 points, or excellent, out of a possible 40 points. Ten units even got a "superior" rating, compar with only five winning that rating a year ago. Last year two units were rated unsatisfactory, but none fell the far below average this year.

General Sheppard said the tests given by regular army officers, were based on 20 different fields of military proficiency.

These Missouri units were rated superior:

Part of the headquarters staff of the commanding general, Maj. Gen. J. C. McLaughlin of Sedalia; separate detachment B, 35th Division, commanded by Maj. John William Collins of St. Louis; the division band under CWP-2 John G. Degaard of Springfield; the 35th Quartermaster Company of Marshall under Lt. Marshall W. Sloan; the 35th Military Police Company of Hannibal, under Capt. Harold E. Saunders; separate detachment of the 35th Signal Company from Chillicothe under Capt. Griffith E. Benson.

Company A of the 110th Engineer Combat Battalion of Kansas City under Lt. Lloyd E. Marsh; Headquarters and Headquarters Company of the 205th Medical Battalion, Kansas City, under Capt. Charles G. Lucas; Tank Company of the 138th Infantry, St. Louis, under Lt. Charles C. Middleton III, and Headquarters and Headquarters Company, 3rd Battalion of the 138th Infantry, St. Louis, commanded by Lt. William C. Allen.

How to Get Along With Fems As Told by Curbstone Plato

NEW YORK (AP)—Curbstone observations on women by a Pavement Plato:

The best way to get along with women is always to tell them the full truth. They will regard you as the most disarming liar alive.

Never tell a blonde wife you admire red hair. She will never trust you again.

Women always sound louder munching toast than men do.

The surest way to annoy a dominant woman is to tell her, "Don't be so masculine." Women today yearn to be feminine, but they have forgotten how.

The most pitiful figure in the modern world is a woman baseball fan. She seems as out her element as a fish trying to skip rope.

The last thing a woman wants from a man is friendship. If a man tells her he is her friend, she thinks something is wrong with wither him or her.

Any woman will believe a swinler before she will her mirror.

Nothing is as unhappy and uncertain and insecure as a woman who always has her own way.

Widows appreciate a good man more than a single girl—but only until they marry again.

No husband will ever lose his wife if he always hands her his unopened paycheck in a bouquet of flowers.

Give a woman enough rope to hang herself and she will end by tying you in knots.

A woman has more fun out of her sense of rumor than her sense of humor.

The difference between courtship and matrimony is the feminine preference for a contract rather than a contact.

A man who marries a girl with long fingernails should expect he'll have to do the dishes all his life.

Women regard with mortal hatred any man who insists on taking them at their own word. If they meant what they said—they wouldn't say it. The art of getting along wih a woman consists altogether in the art of understanding what she means but doesn't say.

Women have exactly the right amount of lipstick on only when they have finished eating—but no man can convince them of it.

It may not mean a thing if a man blows up in public, but a woman who creates scenes usually has a miserable home life.

A wife whose husband invariably remembers all her birthdays and anniversaries had better start worrying about him.

It is also true that a wife who never has any reason to "kiss and make up" feels frustrated. A windless calm on her sea of matrimony makes her dread the coming of a storm greater than she wants.

The greatest tribute a woman can pay a man is to tell him, "I want our son to be just like you." But few realize this.

A wise wife, no matter how shrewdly she bosses her home, always remembers to have toward her husband the secret unshown fear that a liontamer has of his lions.

Otters, such expert swimmers that they can catch salmon, do not know how to swim until their mothers teach them.

Misuse of Alcohol Concern to Ike

GLASGOW, Ky. (AP)—Gen. Dwight D. Eisenhower says he occasionally partakes of "a mild alcoholic drink," but the misuse of alcohol is of deep concern to him.

The Republican presidential candidates' views were contained in a letter received yesterday by the Glasgow Ministerial Association.

The association also asked Gov. Adlai Stevenson, the Democratic presidential candidate, his views on alcohol. e hasn't replHied.

Cities Service May Send Oil Technicians To Buy Iran Supply

TEHRAN, Iran (AP) — W. Alton Jones said today the Cities Service Co. contemplating sending advisory technicians to Iran and the possible eventual purchase of Iranian oil.

Jones, who is president of the big American company, made his views known at a news conference. It was his first meeting with newsmen since his arrival almost four weeks ago.

He called the shutdown of the Iranian oil industry a "world tragedy" and said his purpose in coming to Iran at the invitation of Premier Mossadegh was to determine whether his firm could help restore Iranian oil to the world market.

Lightning Strikes Twice

MURRAY, Utah (AP) — Lightning struck a fuse box at the Ralph F. Smith home and the family was without hot water for several days.

A week later, lightning struck a transformer, sizzled down a power line and out the kitchen stove.

"Flames shot out about two feet into the room," said Mrs. Smith.

This time the Smiths not only were without hot water but power was also cut off from the lights, radio and television set.

On Round-World Flight —

Bryan Reports

Jerusalem, 'City of Peace' and Holy Land to Three Religions, Has No Peace, But Rather a No-Man's-Land of War

By Rev. David M. Bryan
Pastor of the First Christian Church of Sedalia, Now On Round-the-World Tour.

TIBERIUS, Israel — Of all the lands where people of the world would hope to find peace, and happiness, and justice, one would like to find it here in Palestine. To three of the world's great religions this is the Holy Land. Moslem, Jew and Christian alike revere it and are united in thinking of it as a sacred place. The word "Jerusalem" means the "City of Peace."

Perhaps there was never a city so ironically named. Today there is no peace in and around the "City of Peace." From my window at the American Colony hostel at Jerusalem, I often stood and looked down upon that desolate bombed out area called "No-Man's Land" whose barbed-wire and soldiers separate Israel from Jordan. To come from Jordan I carried my baggage through heavily armed sentries and road blocks within this so-called "City of Peace."

Like millions of other people whose religious faith first sprang from the rocky soil of this land, I have long been interested in Palestine and the situation here.. And each time I have come here my heart has been made to bleed by the things I have seen. Last year when I was here 875,000 homeless Arab refugees were living on the barren hillsides and in the hot dry valleys of this land. They had been living there in shabby tents, ill-clothed and underfed for three years. Today I find these same people still living in the same tents. The only difference is that the tents, blankets, and clothing are even more worn. It would be difficult to really describe the terrible living conditions of these refugees. They have no homes, no clothing, no work, and little hope for the future. The only thing one finds in abundance in these camps is disease and hatred for the great powers of the world. As for the first, the directors of a small hospital near Hebron told me that out of the camps in that area twenty refugees were dying daily from the diseases bred by dirt and exposure. And regarding the second, these people, rightly or wrongly, blame the great powers for their tragic plight.

To understand what is happening now in Palestine one must set the current problem in its historical context. Let me sketch the background picture in barest outline.

In 1915, there was a strong desire in the Arab world for independence. For four hundred years it had been under Ottoman rule. In that year Arabs were prompted to revolt against Turkey by the British promises of independence. Arab troops were with Gen. Allenby when he entered Jerusalem. However, less than a year later they were bewildered by the Sykes-Picot agreement by which the Arab territories, promised independence, were instead divided between Britain and France.

On November 2, 1917, came the well-konwn Balfour Declaration, which made contradictory promises of a national home in Palestine for the Jews and at the same time promised that "nothing shall be done which may prejudice the civil and religious rights" of the Palestinian Arabs. However, the Arabs were later assured that Jews would be settled in Palestine only in so far as that was in harmony with the political and economic freedom of the Arab population.

During these years the tensions and bitterness in Palestine were greatly aggravated by the growing Zionist movement. In 1920, the Jews represented one-ninth of the population of Palestine. In 1943, they represented more than one-third. Moreover, the European persecutions were driving Jewish refugees into this tiny country in great hordes.

Within an incredibly short time Palestine had absorbed around three hundred thousand new immigrants. Had the United States welcomed a comparable number to her shores, some eighty-one million would have come. Jewish agencies were rapidly buying up the land from absentee land owners and Arabs found themselves without homes or jobs.

One can hardly wonder that the Arab, whose homeland Palestine had been for centuries, now became frightened and angry. He saw his social and his political security slipping away. He saw the Zionists becoming more nationalistic in spirit, more daring and aggressive in their conduct. In 1947, with thousands of Jews in European DP camps and clamoring to go to Palestine, the United Nations did the expedient thing — it partitioned Palestine. The United States and Russia were the first to recognize the new state of Israel. Hatred, greed, fear and localized violence now were compounded into a full-fledged war.

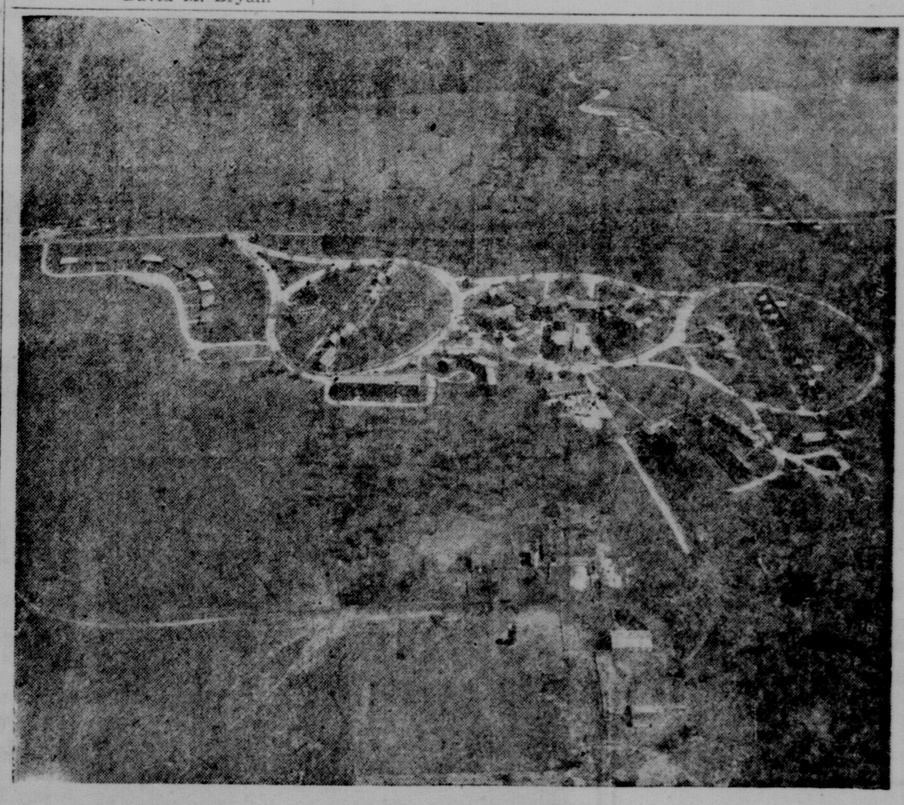

With the British Mandatory rule ended, Arabs dwelling in the new state of Israel now felt the full brunt of the methods of terrorism and intimidation perfected by such fanatics as the Haganah party. Count Bernadotte was only one of the many victims.

Nine hundred thousand Arabs fled their homes leaving everything behind. Today Israel insists that the Arabs did not have to leave — that they only left because they expected to return in a few days as victors over the infant state. They point to those who did remain as an example. They insist that although it was a wonderful stroke of good fortune for Israel, Arabs fled of their own free will.

The Transjordanians, on the other hand, point to such atrocities as the massacre Deir Yassin described as "worse than Lidice where only men and boys were slain." They also remind one of the assassination of Bernadotte. The truth probably lies somewhere in between. However, it cannot be disputed that here there are nearly 900,000 refugees, many of whom owned farms and good businesses, to which they are not permitted to return for they are now occupied and enjoyed by 900,000 Jewish immigrants.

For four years these people have been living on United Nations charity. There is some extra hope for the winter ahead — each family will receive one new blanket. No one can predict what the future for these people will be. The poor land and economy of Jordan can only absorb a few of them and Isra l has filled their old homes with European immigrants. Here almost in sight of the "City of Peace" I find one of the great tragedies of this decade.

David M. Bryan.

AERIAL VIEW OF MISSOURI STATE SANITORIUM, Mt. Vernon, where the seventh annual homecoming for ex-patients will be held on Saturday, Sept. 20. All persons interested in the treatment of tuberculosis are invited to attend with those who have been patients at the hospital.

Ballerinas Get Tax Reduced

TOKYO (AP)—Japan's ballerinas did a most unhappy dance when the government clamped a 100 per cent tax on all entertainment.

They got their point over to the parliament by toe dancing in corridors, collaring influential lawmakers, and cooing their argument into flattered old ears.

The argument: the tax put them in the same class with prosperous strip-tease artists. While customers swalowed the tax and flocked to the strip-teasers, they were staying away from the ballet in droves.

The parliament reacted by cutting the tax on the ballet to 40 per cent. Now Japan's opera singers are fit to be tied. The tax reduction did not apply to them

Only 41 of 100 Finish High School--

Missouri Can't Afford Not to Get Better Schools, Commission Says

(Editor's note—This is the second of a series of stories, describing a new, far-reaching plan for improving and modernizing Missouri's public school system.)

By GEORGE SITTERLEY

JEFFERSON CITY (AP) — Can Missouri afford to install and operate an improved public school system?

A special commission that has just finished a two-year study of the state's shortcomings in education and how to correct them, took note of that quesion. Then it added the corollary:

Can Missouri afford NOT to improve its public schools?

It found answers, too, to both the questions. Let's take the commission's answers up in reverse order.

Missouri's greatest natural resource is its citizens. The state must do all it can to prepare all its young people for the greatest potential production in all walks of life.

That's a lot of high sounding stuff. But look at it this way: A mountain of gold ore is a valuable natural resource. Still it doesn't attain any economic value until it is refined.

The commission said it is no unbroken rule, but generally the man with better, more complete education makes more money for himself and does more for his fellow man than the fellow who got a less complete education.

For every 100 Missouri youngsters who first entered school in 1939-40, the commission found, only 41 were in the final year of high school in 1950-51.

"This staggering rate of dropping out of school represents an unmeasurable loss in human resources. This loss is exceedingly costly to the state and the nation," the commission concluded.

On the other side of the balance sheet of resources, the commission found:

1. For each child of school age, Missourians generally have a higher income than do the residents of most other states. It figures out that Missouri is 20th among the sates in income per school pupil but 46th in the per cent of income spent for education.

2. Missourians spent 3.2 per cent of their income on education in 1939. That figure had dropped to 1.95 per cent by 1950 and in the latter year the average for all the states was 2.39 per cent.

"Either a lot of other states are making a big mistake, or we are," the commission said.

Those were the arguments that made a lot of Missouri legislators angry in recent sessions. The arguments then were offered by the school people as they pressed their demands for more and more state aid.

We need, they said, $17,000,000 more (or $20,000,000 more) for state school aid just to bring Missouri up to the average amount being spent for each pupil's education each year.

There was never a word about what was needed to provide a good educational system, or to make certain improvements planned for the year—that was the essence of the opposition in the legislature.

The lawmakers demanded a budget and told the school people NOT to try to get all the money they figured was left in the state treasury.

The special commission believes it has answered that legislative criticism in its proposal for a foundation program of education. It will submit its report and recommendations when the 1953 legislature meets next January. And proposed law changes will be offered at the same time to implement the sweeping revision of Missouri's public school program.

The foundation program, basically, would supply a minimum plan for schools in all the state's districts. That would cost about $12,000,000 a year, almost the same figure now being spent for public school education.

MILNOT
for Delicious Desserts! *It Whips!*

Milnot Cream Pie with whipped Milnot topping!

2/3 cup sugar
1/3 cup flour
2 1/2 cups hot diluted Milnot (1 1/4 cups Milnot, 1 1/4 cups boiling water)
3 egg yolks
1 tbsp. butter
1 tsp. vanilla
1/4 tsp. salt
1 baked pastry shell

Mix sugar and flour thoroughly; gradually stir in the hot diluted Milnot and cook over low heat, stirring constantly, until thickened (or in top of double boiler for at least 10 minutes).

Beat egg yolks slightly, stir in a small amount of the hot mixture and gradually stir this back into remaining hot mixture. Cook not more than a minute longer, stirring constantly. Add butter, vanilla, and salt; cool slightly and pour into pastry shell.

Cover with whipped Milnot. (Chill Milnot before whipping and flavor to taste.) Or if you prefer, cover with a meringue, brown and cool well before serving.

Use Milnot where you would ordinarily use milk, cream or a canned milk.

Wonderful in Coffee On cereals
Thrifty No "Canned Taste"

MILNOT "IT WHIPS" NOT EVAPORATED MILK OR CREAM

"Desserts made with Milnot are a specialty in our house"

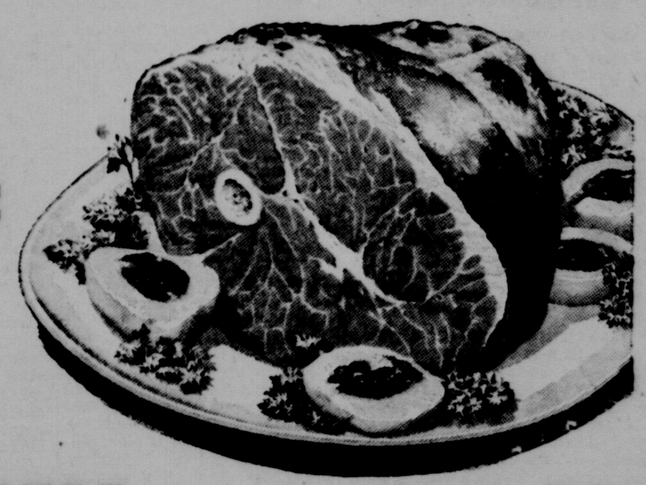

Produced in modern dairy plants in Illinois, Indiana, Oklahoma, Missouri, where fine butter and other delicious dairy products are made.

The Great Scorch

That's The Monicker of Summer 1952 as It Goes Down in Books

WASHINGTON — (AP) — The summer of 1952 is going down in the weather books as The Great Scorch.

The first burst of heat in June turned that month into the hottest June ever recorded over a wide area of the east. Other new records appear to have piled up in July and August. When all returns are in, weathermen say it may be the hottest, and in places the driest, summer ever recorded.

Dozens of people have died of heat prostration; drought has burned crops estimated to be worth hundreds of millions of dollars.

A wave of buying of fans and air conditioners exhausted supplies in many cities. Representatives of one of the largest of such appliance firms said it was a "sensational" sales year.

Art museums, if air conditioned, drew larger crowds than usual. Heat-troubled people fled to such other air conditioned places as libraries, theaters and restaurants.

If all handkerchiefs that were used to mop brows were placed end to end, and then wrung out, it would make a considerable puddle. In the east the summer was humid as well as hot.

Even if it doesn't win the asbestos loving cup as the hottest of all time, the 1952 summer is going to stand out, in many respects, like Babe Ruth in the home run department of baseball — head and shoulders over all competition within sight.

Temperatures not only sizzled to new high marks. They stayed near the top for days.

For instance at Columbia, S. C., they added up the amount of "unusual" hot weather they had had up to July 30 and it totaled more than 600 degrees. From July 20 to 24 it was 101 or higher every day.

In New England the all time records for both heat and dryness were approached—if not broken—in July in many places.

A wide area of the Midwest received almost half again as much sunshine for weeks on end as it normally receives. The sun beat down almost five hours more every day than it normally would—a total of around 150 additional hours of sunshine in a month. That adds up to a lot of excess heat the earth absorbed.

Along a wide area of the Atlantic Coast there was about one-quarter more sun than normal.

When the sun shines, that means less rain, too, which helps explain the drought.

June was the hottest month in history in nine states — Colorado, Kansas, Missouri, Kentucky, Tennessee, North and South Carolina, Georgia and Florida. The average June temperatures were the highest ever. In virtually every Eastern state temperatures were above normal in July and part of August, although rains broke the drought in a wide area of the Southeast.

In Georgia it not only was the hottest June ever recorded, but was among the four hottest months ever experienced there. The average state temperature was 82.9 degrees, which was less than one degree below the all-time high, for any month, of 83.8 set in Sept. 1925. The only other months hotter than June, 1952, were the Julys of 1881 and 1931.

New England in July had a rare combination of heat and extreme dryness. A weather bureau report says rainfall was so far below normal that the month nearly equalled the all-time dry record of 1929. Rainfall averaged less than two inches, scarcely more than one-half of normal. Also a new heat record for the whole region may have been set. An official says the average temperature probably was near the 72.6 record of 1911.

New all-time high heat beset Chattanooga, Tenn., on July 23, when it was 105. This scarcely was written into the weatherman's little black book when along came July 26 and a sizzling 106.1. Memphis set a new record of 106 on July 28; Nashville, 107.3 on July 27; Macon, Ga., 105.1 June 28; Rapid City, S. D., 108 July 24 and Morehead City, N. C. 107 June 26.

It was 113 at Curtis, Neb., on June 15, and 112 at Burlington Colo. On almost the same day that Burlington was reporting 112, a low of 21 degrees—far below freezing—was reported at Kremmling, Colo. And a rancher reported frost near North Platte, Neb., July 8. At North Platte the Weather Bureau recorded 40, lowest for the month.

It was the hottest driest 2½ months, ending July 20, ever recorded at Raleigh, N. C.

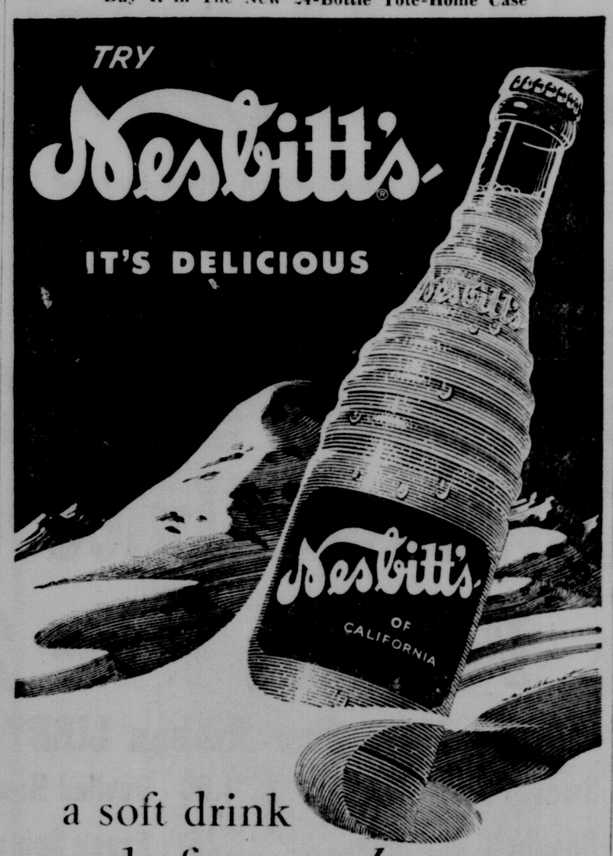

By that time drought and heat were wilting a wide area of the country, and all or parts of 13 states were made eligible to receive disaster aid to help farmers meet their losses. The states are Kentucky, Tennessee, Arkansas, Missouri, North and South Carolina, Alabama, Georgia, Mississippi, Massachusetts, Maine, New Hampshire, and Rhode Island.

Gigantic Granite

Stone Mountain is about 16 miles east of Atlanta, Ga. This massive dome of muscovite granite, seven miles in circumference and more than 800 feet high, is said to be the largest body of exposed granite in the world.

200 Essential Workers Stay On Wake Isle

HONOLULU (AP)—Some 200 essential workers, housed in tents, stayed on stricken Wake Island today to clean up after one of the worst storms in Pacific history.

A Military Air Transport plane left for Honolulu last night carrying the last group of more than 500 evacuees.

Winds of more than 160-mile-an-hour velocity Tuesday flattened nearly every building on the tiny U. S. coral atoll 2,300 miles west of Hawaii.

Only four persons were reported hurt, but unofficial damage estimates ran to 10 million dollars.

AP correspondent Stan Carter reported from Wake that "only two women are left—a nurse and a doctor's wife, who are needed to give injections and bandage cuts and bruises."

Carter said it probably would be three or four months before wake is fully restored as an important stop on the Korean airlift and on commercial trans-Pacific routes.

Authorities said the island once more had an adequate food and water supply.

Body Preferences

Four-door sedans are the most popular body type for automobiles, followed by two-door sedans, convertibles, business coupes, and station wagons, in that order.

HISTORY IN GUNS— C. J. Hurst, of West Covina, Cal., holds a Model 66 Winchester rifle, a .44 caliber rim-fire type dating back to 1860, from his collection of about 600 guns.

MP and His Girl Admit They Plotted To Hang Her Husband

ALBUQUERQUE (AP)—A military policeman and his girl friend pleaded guilty in District Court yesterday to charges of conspiring to hang her husband so they could marry.

Cpl. William K. Oliver, 22, and Mrs. Wanda White, 20, are charged with conspiring to hang William White, 41, Mrs. White's third husband, in a public park.

An anonymous telephone call tipped police to the plot and they hid in ambush as Mrs. White drove up to the park last Thursday. Oliver didn't show up at all, bit in a statement shouldered the blame for the whole thing.

District Judge R. F. Deacon Arledge will pass sentence Monday.

In their written statements to police, they said they decided to hang the husband to a tree after forcing him at gunpoint onto the fender of a car.

Mrs. White said she still loves her husband.

The ostrich is the only bird reared exclusively for its feathers.

Taft Says Ike Can Change US Philosophy of Spending, Power

SPRINGFIELD, O. (AP) — Sen. Robert A. Taft said last night that only the election of Gen. Dwight D. Eisenhower as president can change the philosophy of government spending and power.

"Gen. Eisenhower has stated without qualification his belief in the philosophy of liberty," Taft told a Republican rally opening his 19-state tour in behalf of the man who beat him for the presidential nomination.

"He stated it long before I met him last week," Taft said, "and only reaffirmed at that time what he has frequently said in the past.

"He believes strongly in our system of constitutional limitations and government power. He abhors the left-wing theory that the executive has unlimited powers.

"There is only one way to change the philosophy of government spending and power, and that is to elect Gen. Eisenhower and let him create a new administration, with new faces and new thoughts."

Taft's 30-minute address to a police-estimated crowd of more than 2,000 in Springfield's 2,600-seat Memorial Hall was broadcast and telecast nation-wide.

It was Taft's first speech since the July convention defeat that embittered many of his backers. Associates described his tour as an all-out attempt to swing his disappointed supporters to "Ike."

"I have come to speak for all the Republican candidates, state, national and local," Taft said. "Naturally, my first interest is national and the election of Eisenhower and Nixon."

Sen. Richard Nixon of California is the GOP vice presidential nominee.

"During the campaign I expect to speak on all the issues, corruption and degradation in Washington, Communist influences in the State Department, the surrender of China to the Communists, the Korean War and Acheson foreign policy," Taft said.

"But to my mind," he continued, "there is one great fundamental issue before the American people in this election of 1952. It is resumption and continuation of progress under a free American way of life, as opposed to the alleged advances to be obtained by surrendering our money and our freedom to the tender mercies of an all-powerful and arbitrary government."

Taft expressed concern over election of a Republican Congress and said:

"The only reason that we have any real liberty left in the United States is the independence of Congress shown during the past 14 years. There isn't any doubt in my mind that we have represented the attitude of the people of the country against a government of planned economy, power and bureaucracy."

Referring to Eisenhower's Democratic opponent, Gov. Adlai E. Stevenson of Illinois, Taft said:

"I can tell you that if he is elected on the Democratic ticket with the support of the same people who supported President Truman he is going to be engulfed in the same totalitarian philosophy that dominates four-fifths of those who are influential in the present administration.

"He cannot clean up the mess of corruption. He is a captive candidate. He would be a captive president."

The senator recalled his statement after last week's visit with Eisenhower that their differences were more a matter of degree than principle.

"Gov. Steenson," he said, "apparently is disappointed to find that Gen. Eisenhower and I agree that liberty is the basis of all future progress, that there isn't any basic difference in the Republican party on that belief, and that government spending and power must be reduced.

"The Republican party is a party of progress. It rejects the whole theory of socialism and big government as reactionary and destructive of human liberty.

"It proposes to resume progress, stimulated and assisted by government, without governmental control and regulation. It promises to reduce expenses and cut taxes."

Taft cited Eisenhower's goal of cutting government expenditures to $70 billion next year and to $60 billion in fiscal 1955, compared with $85 billion proposed by President Truman for this fiscal year and the same next year. Taft estimated Eisenhower's program would mean a tax reduction of 13 per cent in 1954.

"The hope for increased production rests on the removal of government controls from farmers and from industry," Taft asserted, "and the stimulation of greater production by lower taxes and a dollar that retains its full value."

Less Dairy Products Seen For Next Year

WASHINGTON (AP)—Current production trends point to a slimmer diet of dairy products, eggs, poultry and pork next year.

Beef may be the only livestock food that will hold its own with this year's supply.

This general outlook is drawn from several recent Agriculture Department reports showing that the production of milk, chickens, and hogs is declining.

These downturns were said to reflect the fact that rising costs are discouraging many producers.

The fall pig crop—which will become the pork supply next spring and summer—is expected to be 9 per cent smaller than last year's.

Milk production during the first eight months of this year was down 1,300,000,000 pounds from the 82½ billion pounds produced in the corresponding period last year. Production in August was the smallest for the month since 1940.

Commercial hatchery production of baby chicks during August was 15 per cent smaller than in the same month last year. For the first eight months of the year, hatchery production was down 5 per cent from the corresponding period last year.

The main cause of these downward production trends is an advancing cost of livestock and poultry feeds that is not being matched by corresponding increases in producer prices of hogs, eggs, poultry and milk.

On the other hand, supplies of most food crops—such as breadgrains, rice, dry beans, sugar, peanuts, and most fruits and vegetables—are likely to be as plentiful as this year.

Meet On Cold War

WASHINGTON (AP) — Undersecretary of State David Bruce will meet with top American diplomats from all over Europe at London next week to confer on major cold war strategy problems.

He and a group of aides will leave by plane Sunday for the meeting, which opens Wednesday.

Mrs. Paul Henreid Puts On Blue Bonnet —Gains F.N.E.!

Mrs. Paul Henreid offers an idea for mothers. Put on BLUE BONNET Margarine to get F.N.E.—Flavor, Nutrition, Economy! Like the wife of the famous Hollywood star, you'll love the delicate, sunny-sweet taste BLUE BONNET adds to any food! You'll appreciate its nourishment, too. No other spread for bread is richer in year-round Vitamin A! And you'll welcome its economy. *Two* pounds of BLUE BONNET cost *less* than one pound of high-priced spread! So remember the letters . . . F . . . N . . . E! *All-Vegetable* BLUE BONNET Margarine gives "all three" —Flavor! Nutrition! Econom-e-e!

Do cramps give you that monthly look?

Why let tell-tale misery, "nerves" show in your eyes?

Does your mirror show an older-looking, worn-out, nervous face during your "bad days?" Why let men see that you are suffering from monthly cramps? Try a little Cardui each day as thousands of women do. Let it help build strength and resistance so you have less and less misery each month. Some go through periods without feeling any discomforts at all. Also helps relax jittery nerves—sleep better. Look, feel, act younger, more normal all month. Ask for Cardui.

CARDUI MONTHLY CRAMPS CHANGE OF LIFE

South Koreans Drive Commies Off Ridge Line

SEOUL, Korea, (AP)—South Korean soldiers drove the Chinese Communists from the bitterly-contested southern arm of Finger Ridge in a pre-dawn battle today.

The Republic of Korea (ROK) infantrymen rooted out the engaged Reds with bayonets and hand grenades and recaptured the Central Front positions they lost nearly two weeks ago.

U. N. fighter bombers had softened up the tunneled-in Communists with bombs, rockets and fiery gasoline. Then two columns of South Koreans stormed the ridge in the chill of early morning. Aided by thundering artillery fire, they captured it three hours later.

In Tokyo, the Navy reported five men missing and seven seriously injured when an explosion shook the U. S. Destroyer Barton Tuesday nearly 100 miles off northeast Korea. Presumably a Communist mine, probably blown far out to sea by typhoon weather, caused the waterline blast, the Navy said.

U. S. B26 bombers destroyed 84 Red trucks Wednesday in a sixth straight night of attacks against Communist supply lines, the Air Force said. It brought the six-day score to about 600 Red vehicles destroyed.

B29 superforts hurled 100 tons of explosives at the Sopo supply depot, 12 miles northeast of Pyongyang, capital of North Korea.

The triumphant ROK assault on Finger Ridge left Chinese troops dug in on the uncontested northeast end.

But a U. S. Eighth Army staff officer said "we got back the portion we wanted" —the highest ground.

United Once Before

The Army and Navy once were under a single department, even before the Unification Act of 1947. The War Department, which included both Army and Navy, was set up in 1789. A separate Navy Department was created April 30, 1798.

US Has Available Enough Missiles For Robot Campaign

TOKYO (AP)—The man who directed the first use of guided missiles in the Korean War said today the Navy has "immediately available enough missiles to mount a sustained large-scale robot campaign in Korea."

Lt. Comdr. Lawrence A. Kurtz said missiles carrying atomic bombs conceivably could hit any target in the world.

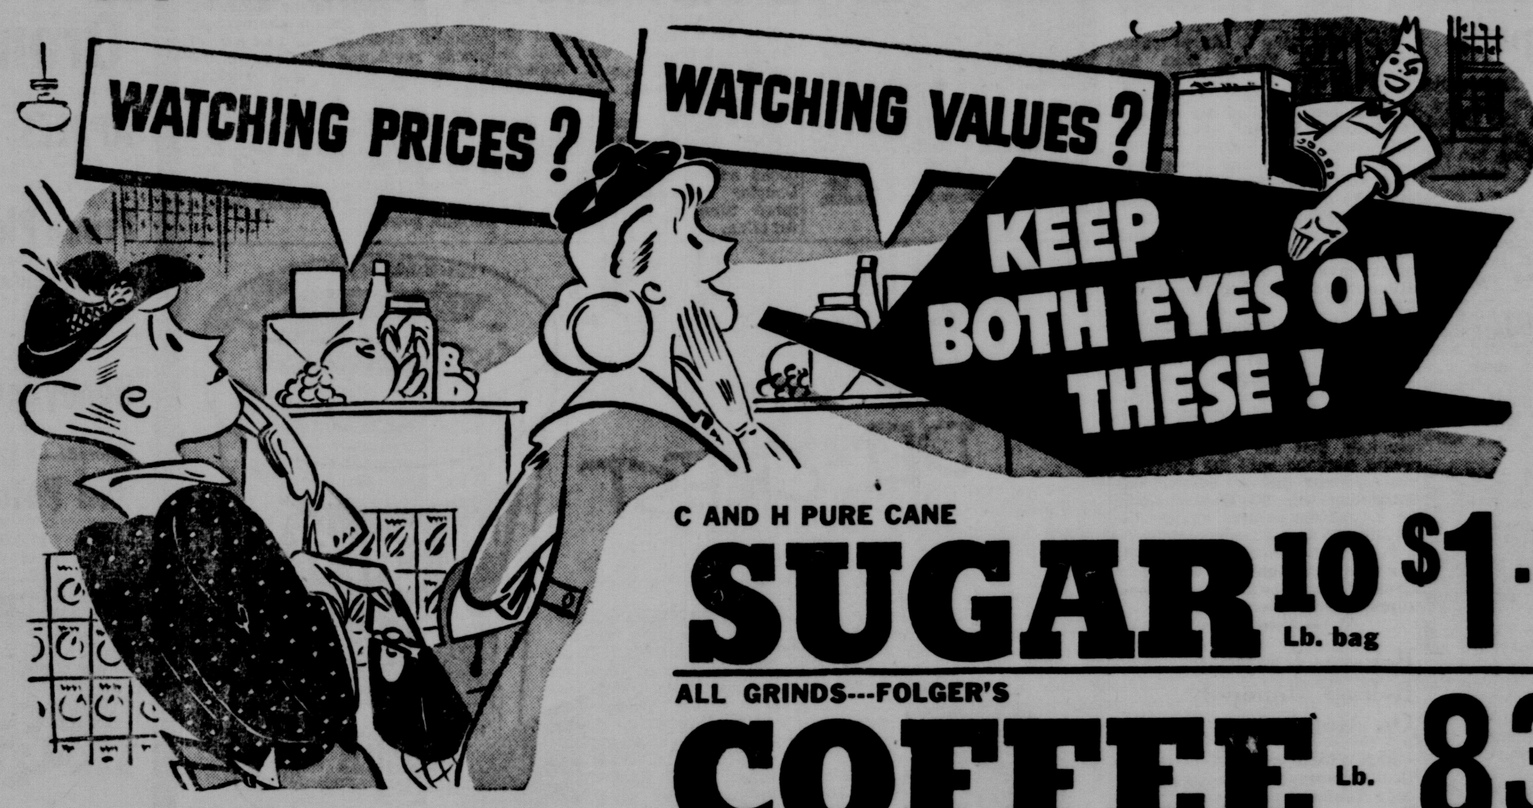

Kurtz commanded the 12-man team which catapulted a pilotless plane from the carrier SS Boxer Sept. 1—then watched on television as the plane launched the age of push-button warfare with a strike against U a Communist target in North Korea.

Kurtz told a news conference "continent - to - continent guided missiles are possible." The Korean test was the "forerunner of what probably will come."

The equipment used was "rather obsolete—we have better things than this," he added.

The beaver and its fur were the foundation for the Hudson's Bay Company.

Lebanon President Resigns, Army Commander Takes Over

BEIRUT, Lebanon (AP) — Lebanon's President, Bechara el Khoury, resigned early today and the Army's commander, Gen. Fuad Shehab, took over the presidential functions pending election of a new chief executive by Parliament.

Khoury's resignation came after a three-day general strike in Beirut the capital, called by opposition groups pressing for a cleanup of government "corruption."

President El Khoury was the first and thus far the only President of Lebanon. He was elected in 1943 after France ended its League of Nations mandate over the country and proclaimed its independence. He was re-elected for a six-year term in 1948.

Though an old-time patriot and fighter for Lebanese independence, El Khoury lost support in 1948 when he induced Parliament to his re-election. Since then, his once vast popularity has faded under charges of scandals and corruption leveled against him and his family.

The general strike culminated a lengthy opposition campaign, spearheaded by Socialist leader Kamal Jumblatt, to limit the President's, powers and institnte electoral, social and economic reforms. Since June the Socialists and other factions have demanded openly that El Khoury go.

The Army coup in Egypt which toppled King Farouk from his spread rumors that similar action would be taken here. Opposition leaders openly called for a coup to unseat "corrupt" government officials.

Amid the mounting opposition, Premier Sami Solh on Sept. 9 failed to get a vote of confidence from Parliament and resigned.

The climax came shortly after Premier-Designate Saeb Slam last night gave up a futile four-day attempt to form a coalition reform Cabinet.

Yesterday, members of a normally pro-El Khoury bloc in Parliament announced they felt the President's resignation was the only possible solution to the crisis.

Later, a general meeting of all opposition groups issued a communique that the general strike would continue until the President resigned and that all persons collaborating with El Khoury would be considered plotters against the will of the people.

A delegation of opposition leaders also called on Gen. Shehab to demand that the Army withhold support from the President.

Believe US Will Get Air Bases In Spain

WASHINGTON (AP) — Diplomatic officials said today they are reasonably confident that the United States eventually will get air and naval base rights in Spain but not at the price asked by Generalissimo Franco.

Franco's terms for agreeing to let American ships and planes use bases in Spanish territory were sent to Washington in late July and have already been rejected, these officials said.

The rejection was regarded in the State and Defense Departments as a phase in the bargaining with Franco, which has been under way since last March. Some officials said the Spanish reaction was to indicate that the initial terms were subject to modification and were not meant as final.

The spanish problem came into the news yesterday when Sen. Long (D-La) said the niUted States should come to an agreement on the base problem and told reporters he did not think the Spanish were asking too high a price. He did not say what price they were asking.

Diplomatic officials indicated that at the moment they are not clear themselves on this point because negotiations are actively under way.

Secretary of State Acheson told a news conference yesterday that he would not discuss the Spanish talks at this time.

However, indications are that to undertake a larger aid program than the TUruman administration has been willing to promise, plus a virtual alliance between Madrid and Washington. Officials here appear flatly oppgsed to the alliance idea.

The situation is complicated by the fact that Spain is not a member of the North Atlantic Treaty system. Its government is strongly resented in powerful political circles in France and Britain and other Allied countries. Hence the nited States is going it alone.

The nited States proposUed initially that it should be granted the right to develop and use naval and air bases, in return for which it offered a 125-million-dollar aid program. The offer stipulated that the money should be devoted to building up railroad, highway and other facilities supporting the bases.

In his July note to the . S. negotiating mission, headed by Ambassador Lincoln MacVeagh, Franco asked for the 125 million to spend as his government wished, plus what officials here called very large military aid to modernize his Army, and for U. S. security guarantees constituting a virtual alliance.

Believes US Must Release Monopoly On Atomic Energy

SAN FRANCISCO (AP) — Gordon Dean, chairman of the Atomic Energy Commission, says the United States must release part of its monopoly of non-military uses of atomic energy if peaceful uses are to be developed fully.

Perhaps, Dean told the American Bar Association yesterday, the 1953 Congress "will have to decide whether to end the monopoly, and if so, how."

He said the day will arrive in the "not unforeseeable future" that the U. S. will have stockpiled all the atomic weapons "we would possibly need to destroy not only the industrial ability of an aggressor to make war, but also his forces in the field."

"Our atomic enterprise, however, is big enough to accomodate both an atomic energy program for defense and an atomic energy program for peace," he said.

The average female lives about 4½ years longer than the average male.

British Quakers Have Plan to End Korean Conflict

LONDON (AP) — British Quakers say they have sent Prime Minister Winston Churchill a four-point plan for peace in Korea.

The plan announced by the 20,000 strong organization calls for an immediate cease-ifre based on agreements so far reached in the truce negotiations. The thorny prisoner-of-war question would be taken over by either "a commission representing a few Asian governments in which both sides have confidence or a mixed commission of two appointed by each side."

The plan called also for "full use" of India's good offices in all peace negotiations and for each side to stop press and radio statements "imputing evil motives to the other side."

Justice Douglas Makes Friends For US On Tour of Far East

MANDALAY, Burma (AP) — The tall, earnest American in a rumpled seersucker suit glanced out of the window at the golden pagoda spires shimmering in the hot sun. Then he looked back at the brown faces around him and began to talk:

"It's an inspiring thing to find in your great country of Burma an atmosphere of true democracy. It is particularly inspiring here because Communists all over Asia are trying by bloodshed to impose a system that denies the human rights you are protecting."

The speaker was William O. Douglas, associate justice of the U. S. Supreme Court.

This year he visited Burma for the first time on a tour that included The Philippines, Malaya, Thailand Indochina, Formosa, Japan and Korea.

The main objective, aside from his love for travel, was to get material for the latest in a series of books and magazine articles. But Douglas finds himself spending more time as a salesman for America.

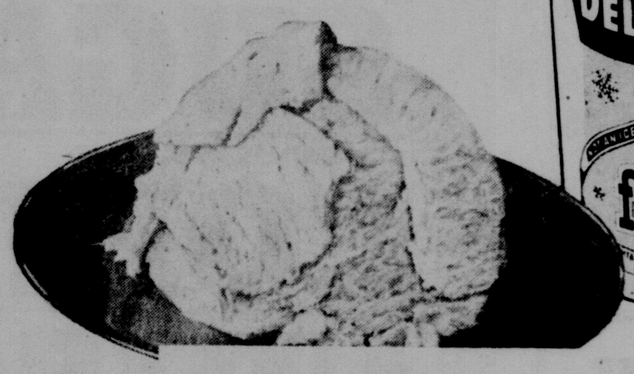

His audience here was the local bar association. It was obvious that Douglas was quite a surprise to lawyers in Mandalay. Schooled in the English traditions of the law, their mental picture of a "high court" judge is an aloof man with stern dignity. Like most Burmese, they are flooded with Communist propaganda depicting Americans as fat, crude capitalists.

Douglas steals Communist thunder by reminding these newly independent people that the United States started this revolution business long before Marx grew a beard. He points to the Roosevelt New Deal era as an example of peaceful evolution instead of bloody revolution to improve the lot of the farmer and working man.

He got applause and chuckles from the Burmese, who won independence from Britain only four years ago, by saying the U.S. has a friendly interest in Burma "because we took broke away from a foreign power."

Odds and Ends By News Staff

Sue Keller's father is mighty proud of his young daughter and like Priscilla, in "Priscilla's Pop," Sue wanted a horse.

Father told her that if she would win first place in a music contest that was coming up he would buy her a horse, but nobody told mother.

Mother couldn't help noticing that Sue took a great interest in the contest and practiced every spare moment — but had no idea that she was trying for (a horse) first place and certainly had not the faintest idea that she would win — but she did.

Then? Well, mother had to be told about the promise of the horse. And she was everything but sold on the idea. After all, they were building a new home, money was pretty tight at the moment and there were so many things they needed besides a horse. She was right disgusted with father. But father and Sue were determined to get the horse and one morning when mother was not home they went out and purchased the horse.

Now Sue wants a saddle and the saddle she wanted cost about a hundred dollars. Then she found it didn't have something on it that she wanted, so the saddle she now wants costs quite a bit more. But Sue is not only a musician, singer and dancer, she is a business woman too, even if she is just 11 years old.

She got 20 duck eggs and set them. Four of them didn't hatch and a fox got two, leaving Sue 14. But Sue is raising the 14 and expects to have them ready by Thanksgiving to sell at 65c a pound, and she thinks she might net about $50 to go toward paying for the saddle.

Of course mother and daddy will dress them for her and father is paying for the feed, but it doesn't occur to Sue that they should receive any part of the money for that. After all, it is Sue's project —she is raising the ducks — so why shoudn't she have the money?

Father is inclined to agree—but mother — well, mother gives up. She might as well. She just could not get ahead of Sue — especially when father is always on the side lines rooting for the youngster.—H. L.

Looking Backward

TWENTY-FIVE YEARS AGO

A crowd of possibly a few hundred Saturday night witnessed the burning of crosses by Knights of the Ku Klux Klan at the vicinity of the junction of highways 65 and 40, north of Sedalia 18 miles. Dr. William Campbell, St. Joseph, the grand dragon for the Klan in Missouri, gave an address.

—1927—

The Sedalia Area Camp Club was formed to purchase the Spears property in Morgan County for Scout camping and resort purposes. An option on the 298 acres of the tract, which was held by the Stover Chamber of Commerce, was secured.

—1927—

Will Glass, Albuquerque, N. M. arrived for a brief visit with relatives before going to Ithaca, N. Y., to resume his studies in Cornell University.

—1927—

Dr. J. E. Cannaday was to give a talk on Sedalia's milk ordinance at the meeting of the Rotary Club.

FORTY YEARS AGO

John Homer Bothwell, Sedalia, and J. H. Christopher, Warrensburg, were appointed by Gov. Herbert S. Hadley as two of 52 delegates from Missouri to attend the convention of the American Road Congress at Atlantic City Sept. 30 to Oct. 5.

—1912—

Several Republican candidates gave addresses at Smithton Wednesday night, Sept. 18. The Sedalia Republican Flambeau Club also visited that place, giving a fireworks display.

—1912—

John Vaught, chief clerk for Superintendent Downs of the Missouri Pacific Shops, left for St. Louis on company business.

—1912—

Edward Callies, night clerk at Hotel Terry, returned from a visit to the northern lakes.

—1912—

W. J. Letts, an East Sedalia grocer, was sojourning for a brief time at El Dorado Springs.

Hungary Aids North Korea

BUDAPEST (AP) — Hungary has collected over 2½ million dollars this summer to aid North Korea, the national peace council reports.

Thousands of members of the peace council toured the country explaining to the people "the connection between the fight of the Korean people and our work building socialism and unmasking American imperialism," according to the announcement.

Gift parcels will be sent to North Korea containing clothing, medicine, sweets, cigarettes, thread and other items. Also included will be photos of "happy and merry Hungarian children."

Rats eat or destroy as much as the total production of 265,000 farmers.

LITTLE LIZ

Anyone who can swallow one of those big vitamin capsules deserves to be healthy.

SECOND MAN on the Ticket

By Edwin Lanham

Copyright by Edwin Lanham. Distributed by NEA Service, Inc.

THE STORY: Political foes of Governor Warburton, Vice Presidential candidate, apparently have found something damaging in his home town of Hydetown. Roy Mason, biographer of the candidate, goes there and finds that the governor's elderly school teacher has been offended at the biography Mason wrote and will not attend the homecoming of the governor. But this does not seem to be the root of the trouble, for Clyde McDonald, a newspaper columnist, is going to come to Hydetown for the celebration and is staying at the teacher's house.

• • •

X

THERE was no mistaking the firehouse. It was on a side street, opening off the highway, and floodlights shone on the red apparatus drawn up outside the door, polished bright for the occasion. A big sign said: Bingo Tonight. Benefit Hydetown Vol. F. D.

Ginny had left her handbag on the wooden bench beside her to hold a seat. I approached and said, "Excuse me, miss. Is this seat taken?"

"Yes," a voice said quickly.

It was my first sight of Harriet Perkins, and I was surprised by what I saw. I had expected a tiny, brittle woman, but Miss Hattie was quite fat, with that shapeless, voluminous obesity which disguises almost all trace of the human figure. Her face was thinner than would be expected, and her nose sharp.

"Aunt Hattie, I doubt if Mr. Mills is coming," Ginny Perkins said, and picked up her handbag. She said to me, "We were saving this seat for a friend, but you may as well sit here until he comes."

I said, "Thank you, miss," and stepped over the bench to sit beside her. A fireman appeared at my elbow and said, "How many? Dime apiece. Three for a quarter."

"I'll take three." I said. I pulled out a handful of change, paid him a quarter, and dropped the change in a pile on the table.

"I hope I have some luck tonight," Miss Hattie's thin voice said, in a whispering tone that excluded me.

"You'll have luck, Aunt Hattie," the girl said. "I just know you'll win that reading lamp."

On a table against the wall the prizes were arrayed, in different categories. If you won a game of bingo you received a ticket. Some prizes were awarded for one ticket, but others required two, and even three. I spotted the reading lamp in the three-ticket category.

The wheel was spinning, and I dropped a kidney bean on two of my cards on the first number called. Miss Hattie's fingers kept rolling a bean over and over and she stared fixedly at her card.

"Pretty good crowd tonight," I said conversationally.

"Sh." said Miss Hattie, and Ginny's elbow nudged my ribs.

I sat silent, trying to think of a conversational gambit and keep track of my three cards at the same time, and suddenly Ginny called out, "Bingo!"

Miss Hattie turned her head quickly and said, "Oh, fine."

"Not me," said Ginny. "Him."

• • •

I LOOKED at my card and saw I had bingo. A fireman attendant took the card, called the numbers aloud for checking, and gave me a winner's ticket.

"I only had two numbers covered," Miss Hattie said. "That's lucky winning the first time."

"I guess this is my lucky night," I said. "I was taking a walk and saw the firehouse all lighted up, so I stopped in. Glad I did."

"Selling?"

"Yes," I said. "Yes, indeed."

Miss Hattie nodded, as if she had me pigeonholed in a commonplace corner, then she said quickly, "Sh. Here we go again."

We all bent to our cards as a fireman spun the wheel and called the numbers. This time I kept careful track and the same card won a second time. I shouted, "Bingo!"

Miss Hattie turned her head, and the lines around her eyes had tightened up. She shifted her bulk on the hard bench.

The fireman checked the card, gave me another ticket. "I never saw such luck," said Miss Hattie wooden-faced. "I was about to get bingo myself."

"I must have the lucky card," I said. "I won each time with the same card." I dropped it in front of Miss Hattie. "Want to trade?"

"Oh, no, I couldn't do that."

"Go ahead," I said. "I've won twice already. That's enough for me."

Miss Hattie passed her card over and took mine, saying, "Well that's mighty nice of you. It is indeed. You know what I'm going to do, Ginny? I'm going to make a little mark on the back of this one, so we can find it next time."

She marked an X on the back of the card and reversed it hastily when the man began calling numbers again. She immediately snatched a bean and whispered excitedly, "I've got that number!"

"That is the lucky card, Aunt Hattie," Ginny said.

"In the N," the fireman called. "Number 37."

Miss Hattie squealed. "N-37. I have that, too."

I also had the number, and put down a bean.

"In the N," the fireman called. "Number 96."

"N-96," Miss Hattie cried. "I've got N-96!" She gave me a smile.

The next number was G-24, which I had, then I-9 and I also had that one. Two more numbers were called before Miss Hattie put another bean on her card. She was exultant; she needed only one number to win.

• • •

THE next number was B-8. I put a bean on the number and saw I had a line of beans across the top of the card. I had bingo. I sat looking at the row of beans as the next number was called, then a friendly voice said over my shoulder. "Say, you've got bingo. Speak up."

I looked up into the eyes of the fireman, sighed, and called out, "Bingo!"

Miss Hattie let a bean fall from her hand, and I actually heard the sound when it struck the tabletop. It was her card I had won with, the card I had traded her. I was unable to meet her eyes.

It's Known as Learning It the Hard Way

The World Today---

Lots of Main Issues in Race

By JAMES MARLOW

WASHINGTON (AP) — The presidential campaign is beginning to look like a variety store.

You can get an assortment of "main" issues, problems and topics.

If you don't like Gen. Eisenhower's "main" display, just step over to Gov. Stevenson's counter.

There may be a little delay in this department since the general and the governor seem to shift their stock around a bit.

You'll notice that the general appears to be a little freer in picking "main" issues than the governor while, at the same time, the governor, who is credited with being extremely lucid, isn't always lucid.

Eisenhower—

June 6. He said the great issue of the campaign is peace and security.

Aug. 20. He said durable world peace was the over-riding issue.

Sept. 2. A slight change seemed to be setting in, for he announced corruption in government was the "over-riding moral issue in the campaign."

Sept. 3. Returning to the peace theme, he said the one great underlying issue in the whole campaign is success or failure in developing a peace program.

Sept. 4. He settled on corruption, saying: "I have said and will say again and again that there is only one issue in this campaign. That issue . . . is the mess in Washington."

Stevenson —

Aug. 28. He said the "transcendent problem before us and the great unfinished business of our generation is peace in the world."

Sept 6. He said, "the main issue in the campaign is whether the nation is going ahead with the policies to solve the great political complexities that confront our country."

Sept. 9. He said "foreign policy is the most important topic for the nation today."

State Board of BPW Meets Here On Weekend

A meeting of the state board of the Missouri Federation of Business and Professional Women's Clubs will be held Saturday and Sunday in Sedalia, with Miss Elizabeth Halpin of St. Louis, state president, presiding.

The meeting will start Saturday afternoon and a fellowship dinner, at which the board members will be joined by members of the local club, will be held at the Old Missouri Homestead Saturday evening.

The board members will continue their business session after the dinner.

On Sunday they will attend the reception which will be given for Miss Hazel Palmer, national second vice president.

Miss Floss Bucklew of Kansas City, immediate past state president, and now a director on the state board, will also be present at the meeting.

Huge Tapestry For Cathedral

NEW YORK (AP) — The new cathedral at Coventry will have the world's largest tapestry, reports the British Information Service here.

The tapestry will be 62 feet high and 40 feet wide. It will weigh three-fourths of a ton. Designed by British artist Graham Sutherland, the original painting will be enlarged to scale and the colors will be copied and sent to the dyers. The weavers will stand behind the tapestry working to a reflection of the weaving in a standing mirror.

The famous old cathedral was destroyed in one of the worst bombing raids on Britain in Wrold War II.

Hal Boyle's Column---

Trellis Mae Tightens Wilbur's Domestic Economy for 'Goops'

By HAL BOYLE

NEW YORK Z — Ever since Wilbur Peeble and his wife quarreled over politics he has been getting prune juice for breakfast instead of orange juice.

He knew it was just one way that Trellis Mae, who is madly for Adlai, was getting even with him for backing Dwight Eisenhower.

But everything he groaned, "I don't like prune juice!", she replied:

"It's prune juice for you from now on. We're tightening up our domestic economy. That's part of the goop program, isn't it?"

"It isn't goop— it is G.O.P.," objected Wilbur.

"Well, it's goop to me," said Trellis Mae. "Adlai and I think you are all goops."

Foreseeing four long years of prune juice if the Republicans won, Wilber decided it was time to compromise.

"I'm tired of all this fussing over politics," he said. "If you'll go back to serving orange juice—and keep your mouth shut about Adlai for one full week—I'll buy you a parrot."

"It's a deal," she agreed. "But it has to be a talking parrot—not one of those old dumb ones."

That very morning Wilbur went to a bird store and picked out a fine parrot, which, oddly, was named Polly.

"You're lucky," said the proprietor. "She's got the best vocabulary of any bird I ever had."

The conversation went from birds to the weather, from women to baseball, and from baseball to politics.

"Who's going to win?" asked Wilbur.

"A number of people who come in here are for Gov. Stevenson," said the proprietor, "but I tell 'em that I like Ike."

"I like Ike, too," said Wilbur.

And every lunch hour for several days he dropped into the store to see Polly and chat with the owner on politics. Meanwhile Trellis Mae never mentioned Adlai once, although the strain of staying silent visibly was making her nervous.

One week from the day she made her bargain her husband returned home with the parrot in a bright new cage.

"Oh, Wilbur, she's beautiful. Can she really talk?" said Trellis Mae, clapping her hands. Miffed at being doubted, Polly turned three slow somersaults on her perch, then looked upside down and said surlily, "Hello."

Wilbur smiled and started to the bathroom to take a shower. Excited, Trellis Mae ran into the kitchen and came back with a cracker. As Wilbur paused by the bathroom door, he heard his wife say:

"Polly like a cracker?" "Polly like a cracker?"

There was a moment of silence, and then the voice of the parrot sounded, raucous but clear:

"I like Ike! I like Ike."

Wilbur quickly closed the door behind him and was a long time taking his shower. When he reentered the living room, the bird cage was empty.

"Where's Polly?" he asked.

"One goop in this house is more than enough," said Trellis Mae. "I put her in the refrigerator to punish her for saying she liked Ike. She isn't funny."

"But she'll freeze," objected Wilbur. He went to the kitchen and opened the refrigerator door. Polly, shoulders hunched and shivering, was striding back and forth on a wire shelf, pausing now and then to blow on her cold claws. On the shelf below her lay the frozen carcass of a chicken Trellis Mae planned to roast the following evening.

"Poor Polly!" exclaimed Wilbur.

"Oh, I'm all right," squawked the parrot, then pointed one wing down at the frozen chicken. "But look at that bird down there. Who did she say she liked—McKinley?"

Shrine Units To Concordia Fair Saturday

The Ararat Shrine band, drum and bugle corps, oriental band, and other Shrine units — 200 men in all — from Kansas City will highlight the 1952 Concordia Fall Festival on Saturday night, Sept. 20. The fair itself will get underway Wednesday night with a horse show for three and five-gaited saddle and harness horses.

The main events on Thursday are a kiddies' parade and tractor rodeo in the afternoon and the fourth annual Dairy Queen contest that night.

Probably the best known event of the fair is the Konkordia Komikal Krew (KKK) parade on Friday night, which has been a feature of fairs here ever since the turn of the century.

The Ararat Shrine program is scheduled to begin at 8 p. m. Saturday night and will probably draw the biggest crowd of the fair.

Goetz Brewery Wins Two World Awards

ST. JOSEPH, Mo.—The M. K. Goetz Brewing Company has scored a double victory, winning top honors for Country Club Beer and Country Club Malt Liquor at the world-wide beer competition conducted recently at Antwerp, Belgium.

News of the award was received by Robert P. Jornayvaz, president of the brewery, from the Institut International D'Alimentation, whose annual competition attracts entries from throughout the world.

Country Club Beer received the diploma croix d'honneur. Country Club Malt Liquar, a distinctive new product introduced by the brewery a year ago, won the diploma of excellence. Both are top awards in their class.

Jornayvaz revealed that this is the first time in the brewery's 94-year-old history that the company has entered products in this famous international test.

Here From California

The Rev. Joseph L. Zwissler and brother, R. B. Zwissler, Mrs. Zwissler, and two children, Janet and Bobby, will arrive Friday from Burbank, Calif., for a visit with their grandmother, Mrs. P. O'Connell, and their aunts, Mrs. C. H. Weaver and Miss Marguerite O'Connell, 408 Dal-Whi-Mo. Their mother, Mrs. J. L. Zwissler, who has been here for the past three months, will return to California with them.

• The Washington Merry-Go-Round

The Negro Vote Is Vital To Eisenhower's Chances

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.)

WASHINGTON — A careful Republican diagnosis of votes in 12 key states indicates that the Negro vote can probably swing the election either for or against Eisenhower. This may explain why the General recently stated that he might appoint a qualified Negro to his cabinet.

The survey was made by experts in connection with the GOP advertising plan to use about $2,000,000 worth of radio and TV spots during the last three weeks of the campaign in 49 counties of 12 key states.

This was behind General Eisenhower's taking time to make half a hundred radio and TV "spots" in a New York film studio last week immediately after his breakfast with Senator Taft. The spots consisted of questions asked of Eisenhower and his replies, and these will be played back to the public during the wind-up of the campaign in mid-October. Big advertisers friendly to the Republicans are being asked to relinquish their time spots for this purpose.

The survey which led to these recordings is extremely significant. It shows that, in 12 key states, a change of 1 or 2 per cent of the vote could swing the election either Republican or Democratic.

The secret GOP survey follows:

Progressive Vote Important

"Every one of these states with the exception of Pennsylvania (R) and Wisconsin (D) finished in an extremely close fashion in 1948. In the case of 6 of these states, credited to the Dewey column, the shift resulting from no progressive vote would throw the states back to the Democrats.

"The fact that these states are concentrated geographically as they are, helps implement this plan (of saturating the air-waves with TV and radio spots). Steps taken in one state will not be confined to the state itself, but will overlap.

"A look at each state shows: 'Connecticut — Three strong Democratic areas centered around New Haven, New London and Hartford. A shift of 2 per cent in the vote of these areas would insure Republican victory. With Senator McMahon's death, a strong Republican senatorial race will help, as will Governor Lodge's strength in the state.

"Maryland — Senator Tydings (D) got beaten here not so much because of Senator McCarthy's campaign, but because he lost the Negro wards in Baltimore (20 per cent of the city's vote). The same thing happened to Rep. Sasscer (D) this fall. Obviously the Negro vote is a big question here. Democratic strength is in Baltimore, across from Washington and in the Cumberland mining section.

"New Jersey — Went Republican in 1948 but not by an overwhelming margin. The Hudson County machine still functions, and, with the Taft - Driscoll split in the state, could cause trouble. The Negro vote is an important element here too. Democratic strength lies in Hudson County, Trenton, Camden and New Brunswick.

Slim N. Y. Margin

"New York — Went Republican by only 60,000 in 1948 while the progressive vote was over 500,000. It is a truism in this state that, if the Republicans leave the city limits with more than a 200,000 handicap, they are in trouble. The Republicans must get every possible vote in Queens and Richmond, fight to take away independent votes in Manhattan and Bronx. In addition, they must buck the O'Connell machine in Albany, and Democratic strength in Utica, Rochester and Buffalo. The Negro and Jewish votes are vital, but FEPC endorsement alone is not the answer.

"Pennsylvania — Went Republican but not by a substantial margin in 1948. With the success of the Democrats in putting in Dilworth and Clark in Philadelphia, plus the decline of the Grundy machine, they are in for a fight this time. Democratic strength is in Scranton, Philadelphia and the Pittsburgh area.

"Ohio — Taft was successful in cutting into the labor vote in Cuyahoga (Cleveland) and Mahoning (Youngstown) counties in 1950. The Republicans must duplicate the feat again in '52 to win the state. They are helped by the fact that Charlie Taft may lick Lausche for Governor, even though he was only endorsed by the Taft machine on the last day of the primary race, while Mike Di Salle is a weak candidate against John Bricker. Again the Negro vote in Cuyahoga is critical. A change in 3,600 votes in 1948 would have put the state in the Republican column.

"Indiana — Went Republican by a bare margin in 1948, and again a rising Negro vote is extremely important, as is the farm vote all over the state. The Gary labor vote is uncertain, probably will be more heavily Democratic this year as a result of the Truman withholding of Taft - Hartley in the steel strike.

"Michigan — Another state that the return of the progressive vote could put in the Democratic column. Depression in the Detroit auto industry as well as a tight gubernatorial and senatorial race won't make the picture any easier. A very, very important Negro vote in Detroit, which Williams and Moody have of course catered to. Democratic strength is here, in Bay City and Flint, as well as Grand Rapids.

California Doubtful

"Illinois — Here is one of the toughest for the Republicans to take. Stevenson's home state, which went barely Democratic in '48 must be taken. The concentration of Democratic strength is in Chicago, Decatur and East St. Louis. The key to taking the state is Chicago's Negro vote as well as getting as much of the downstate farm vote as possible.

"Wisconsin — Here is one many analysts figure belongs to the Republicans on the basis of 1940 and 1944 returns. Not so, since these votes were an expression of Wisconsins' pro-German, anti-British feeling. When this tapered off in 1948, the vote (including progressive) was over 53 per cent Democratic. It is purely and simply a question of slugging it out on the various issues in the city of Milwaukee as well as in Green Bay and Madison.

"Iowa — This is the one that hurt, a farm state that went Democratic by 1 per cent. Democratic strength is all over the state, not bunched, can be found in nine major areas. Only a campaign assuring farmers of their over-all economic future as well as specific farm policies will take this state.

'California — Governor Warren has stated this will be a tough fight and he's right. Despite Warren's personal popularity in the state, it has steadily gone Democratic for the past six elections. Nixon doesn't seem too much stronger a candidate. California was barely Democratic in 1948 but there was a 5 per cent progressive vote to contend with. Thus, unless heavy scrapping is done in Los Angeles, San Francisco, Alameda County and San Diego, the state will go to the Democrats. Here is one state where FEPC makes a strong appeal in certain sections and brings violent reaction in others. San Francisco, for example. Therefore, concentration of appeals is necessary in each local area.

'Thus, in these key 12 states, there are 49 strongly Democratic areas. If, by using the elements outlined in Section 1 of this plan, these votes can be shifted from 1 to 5 per cent, the states and a November victory will end up in Eisenhower's hands."

State Convention Of Employment Personnel Here

At a meeting of the executive committee of the Missouri chapter of the International Association of Personal in Emplayment Security, held in Jefferson City, it was decided to hold the annual state convention in Sedalia on May 8 and 9, 1953. The headquarters of the convention are to be in the Bothwell Hotel.

It is expected that approximately 400 members from the various parts of the state will attend the convention, according to Leon M. Hall, who is chairman of the convention arrangement committee.

Mr. Hall, who is the manager of the local State Employment office, is also the head of Zone 5 of the association, which includes the southwest portion of the state.

Mr. Hall was the membership chairman for the state last year, when the association took in its largest membership.

Countries which are a part of the international organization are the United States, Canada and Japan.

'Sleeping Sickness' Reduced

SAN FRANCISCO (AP) — Encephalitis, or "sleeping sickness," has been greatly reduced in the state of Washington's Yakima Valley, reports the Hooper Foundation for Medical Research at the University of California Medical Center.

The reduction has been credited to widespread use of agricultural insecticides which reduce the population of disease-bearing mosquitoes. Hooper Foundation scientists have followed the disease in the Yakima Valley since the serious epidemics of 1940-42.

On MU Honor Role

William E. Franklin, son of Mr. and Mrs. R. G. Franklin, Sedalia, and husband of the former Beverly Faig, has been placed on the honor roll of University of Missouri for 1951-52. This list includes only those who have ranked in the highest 15 per cent of the entire arts and science student group. The students placed on this roll will be honored later in the year at the honor convocation. William will graduate in August 1953.

Hiroshima Horror Pictures Sell

TOKYO (AP) — The Asahi Picture News scoop on a seven-year-old story — the atomic bombing of Hiroshima — is in its third printing with 300,000 copies being run off.

For the Hiroshima anniversary, Aug. 6, the magazine printed a special supplement of horror pictures taken within minutes and hours of the A-blast and suppressed until recently by the Allied occupation.

The first press run of 200,000 was snapped up within hours by shocked Japanese. The magazine ran off another 90,000 and they were quickly bought.

CIO Asking New GM Wage Pension Aids

DETROIT (AP) — Bound by contract until 1955, the CIO United Auto Workers are asking General Motors to go beyond their historic cost-of-living pact and grant immediate wage and pension benefits.

If G. M., the industry's pattern setter for years, agrees, the union presumably will ask Ford, Chrysler and other auto companies with similar contracts to do likewise.

The UAW disclosed yesterday that informal discussions on the subject, as secret at the contract negotiations themselves, have been held recently. But the talks reportedly have been brief so far. General Motors declined comment on their nature.

The union's National General Motors Council, representing some 350,000 G. M. workers throughout the country, touched off the drive for contract improvements.

Emphasizing that it was not an opening contract, the council said additional benefits were needed to bring the contract, signed in pre-Korean May, 1950, abreast of current living conditions. So it adopted a resolution asking the industry's biggest producer to "implement" the agreement by:

1. Boosting the guaranteed annual 4-cent hourly raise — the so-called annuol improvement factor — to 5 cents.

2. Adding 21 of the 26 cents an hour gained in cost-of-living adjustments since the pact was signed to base pay. This would mean that only 5 cents could be taken away if the cost of-living dives sharply between now and May, 1955.

3. Adjusting pensions of G. M. workers who have retired under the contract to give them the same purchasing power they had when the agreement was signed. The union did not say how much of a raise would be needed in the current maximum of $125 a month, including social security.

General Motors and the UAW first negotiated the now much-used escalator system hitching wages to living costs in 1948. That was a two-year pact. In 1950 they revised it somewhat and extended it for five years.

Now virtually all the industry's million workers are covered by cost-of-living agreements, providing a 1 cent pay boost or cut for each 1.14 rise or fall in the Bureau price index. They also are covered by the 4-cent "improvement" clauses and similar pension arrangements.

The UAW G. M. Council pointed out that the G. M. contract had been widely copied in other industries and that in some of them cost-of living gains had been added to base pay.

The council said the 1-cent increase in the improvement factor was needed to keep that factor at a ratio of 2½ per cent of the average worker's pay — which it was in 1950 but is not now that the average has gone up to roughly $2 an hour.

For some time now there have been rumors that the UAW would seek to put its pension system on some kind of an escalator. The G. M. request was the first move in that direction.

MARLEETA ANN COX, daughter of Mr. and Mrs. Bernice B. Cox, 409 West Morgan, leaves this week for Denver, Colo., where she will enroll in the department of secretarial science of the University of Denver. She was valedictorian of the Hubbard High class of '52.

Step Savers

Moving stairways save people in the U. S. 120,000,000,000 steps each year, according to estimates. Five billion passengers are carried on the nation's 2000 stairways in a year's time.

Second Deserter Of Russian Armies Enlists as Yank

SONTHOFEN, Germany (AP)—The U. S. Army beat 113 drums in public today to mark enlistment of a second deserter from the Soviet Union's armed forces. The first U. S. recruit from Russian uniform was inducted last March, but the Army didn't tell anybody about it until yesterday.

Today the Army called in the reporters to witness the enlistment ceremony here at this Alpine post for Arkadiy Rudivskiy, 24, a native of Odessa and formerly a mechanic in the Soviet Air Force. Stationed in the Russian zone of Austria, he escaped to American-occupied territory in 1951 and has been working as a mechanic for an American airline.

The first enlistee, a Soviet ex-sergeant, is serving in the U. S.

Toll In Korean Train Wreck Placed at 20

SEOL, Korea (AP)—Army authorities today reported an unofficial toll of 20 killed and 159 injured in a wreck of a Korean passenger train near here yesterday.

At least 50 additional injured were treated at the scene.

Most of the casualties were school children.

New Army Command: USAF of Far East

TOKYO (AP)—Gen. Mark Clark announced yesterday a new command will be set up Oct. 1 to be known as the United States Army Forces, Far East (USAFFE).

The USAFFE will take over the personnel and work of the Japan Logistical Command, which was organized in 1950 to see that men and supplies were funneled into Korea. It will also take over all the purely Army functions of Clark's Far East Command headquarters.

The USAFFE will be headed by Lt. Gen. William K. Harrison, senior U. N. Command delegate at the Panmunjom armistice negotiations.

Policewomen Doll Up As Decoys on Streets

NEW YORK (AP) — Attractive policewomen in civilian finery were sent out into the street last night as decoys in a stepped-up fight to check the wave of rape, robbery and other crimes plaguing the city.

Husky male detectives were assigned to keep the lady cops under observation and move in quickly if any man should try to molest them.
